COUNCIL PROCEEDINGS.

SPECIAL SESSION.

Special session of the Council, held for the purpose of organization, at the Council Chamber, City Hall, on Tuesday, January 1, 1907, at 12 o'clock noon.

Present—Councilmen Buckley, Clark, Delaney, Hopper, McFeely, Ortleib, Schultze, Whelan, Wren and Zang.

Absent—None.

The following communication from His Honor Mayor Stell was presented, read and on motion of Councilman Schultze received:

Mayor's Office,

Hoboken, Dec. 31, 1906.

James H. Londrigan, City Clerk:

Sir—You will please call a special meeting of the Council for Tuesday, January 1, 1907, at 12 o'clock noon, for the purpose of organization and such other business as may be before it.

Respectfully yours,

GEORGE H. STELL.

Mayor.

City Clerk Londrigan stated that the first business in order would be the election of a permanent Chairman for the ensuing year.

Councilman Schultze moved that Councilman Whelan be elected permanent Chairman for the ensuing year.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Hopper, McFeely, Ortleib, Schultze, Wren and Zang.

Nays—None.

Declining to vote—Councilman Whelan.

Absent—None.

City Clerk Londrigan declared Councilman Whelan elected permanent Chairman for the ensuing year, and requested Councilmen Schultze and Delaney to conduct him to his seat.

The Chairman having been conducted to his seat, returned thanks for the honor conferred.

Councilman Schultze moved that a Committee of two be appointed to wait on His Honor the Mayor and ascertain if he had any communication to present to the Council.

Adopted.

Chairman Whelan appointed as such Committee Councilmen Schultze and Delaney.

Councilman Ortleib moved that the Board take a recess subject to the return of the Committee.

Adopted.

ON REASSEMBLING.

Present—Councilmen Buckley, Clark, Delaney, Hopper, McFeely, Ortleib, Schultze, Wren, Zang and Chairman Whelan.

Absent—None.

The Committee returning, presented the following Message from His Honor Mayor Stell:

Mayor's Office,

Hoboken, N. J., Jan. 1, 1907.

To the Council:

Gentlemen—The advent of my second year as Chief Magistrate serves to recall that the many recommendations made to me in my first annual message, a year ago, are now, through your co-operation and public spirit, accomplished facts, and that but little remains for me to suggest at this time in the interest of the city, except to call your attention to those matters which, through press of other public business, were but partly performed, or not undertaken.

Viewed in retrospect, the city departments, during the past year, are to be commended as a whole for the attention given to the public business and the commendable zeal with which the work of the various officials has been performed.

There has been maintained a clearer understanding in all departments of the economic, not to speak of the legal necessity of so managing expenditures; that the appropriations made by the Tax Commissioners shall mark the limit of disbursements, and with that principle strictly enforced and always maintained during the coming year, there can be no just criticism of any official upon the score of extravagance, unlawful expenditure or want of economy.

In my last annual message I called the attention of your Honorable Body to the necessity of recognizing the importance of the Council dealing with all contracts and expenditures of money in the first instance, and not devolving that important duty upon any Committee.

Our troubles in the past were mainly due to the fact that your Honorable Body allowed the Committees of the Council to make contracts and enter into agreements for the performance of work, and thereafter, upon the mere report of the Committee, the Council were expected to ratify and confirm the work of the Committee. This is radically wrong and a complete reversal of the business and legal order of things. It should be recognized that Committees have no power to let out work; to enter into contracts or obligate the city in any way, for the expenditure of money, without first obtaining from your Honorable Body, by

resolution, the necessary authority for that purpose.

I repeat at this time what I said in my former message upon this subject, and I call the attention of your Honorable Body to the language I there used in this connection, and I trust that the admonitions contained in that message on that subject will be regarded by your Honorable Body during the coming year, in the awarding of contracts and the incurring of obligations generally.

I am pleased to note that our city deposits which formerly netted us nothing, now, by an arrangement with our banks of deposit, net the city two per cent upon daily balances.

Our schools are, as they should be, our first and most important solicitude, and in this city, I am glad to say, they constitute our chief pride. The burdens which our citizens bear to support them in a condition consistent with our financial standing, as the first second class city in the State, are cheerfully borne, because to them they must, in great part, look for the mental and moral training that shall constitute our worthy manhood and womanhood.

As population here grows by immigration or by natural causes, at the ratio it has grown during the last few years, owing to the advantages our city possesses as the most convenient and accessible suburb of the metropolis, we are yearly met with an increasing demand for more schools.

The Board of Education has met this demand as the law requires by undertaking the erection of a school at Second and Monroe streets, to be known as Number 9 School. It is to be regretted that the work upon this school, in view of the public necessities, has not been prosecuted with that dispatch and public spirit by the Board of Education which the occasion demands, and that a comparative matter of detail has succeeded in practically tying up a work of such pressing necessity.

The Board of Education are presumably business men, and it is to be hoped that the work on this building will be pushed to completion without further delay. The mere matter of detail which has caused a difference between the Board and the contractor should be allowed to await the completion of the building for adjustment, as has been advised by the Corporation Attorney and the President of the Board.

The Corporation Attorney has succeeded in having Commissioners appointed by Justice Fort to condemn the Wendell estate at Fourth and Garden streets, taking in Bloomfield, Garden and Fourth streets, for about 200 feet square, for the purpose of erecting a High

School. The condemnation of this site will answer a two-fold purpose in removing one of the most objectionable eyesores in the city and substituting for it a beautiful structure, such as a proper High School must necessarily be. But these proceedings must await the prosecution of the work upon School No. 9. Until I am satisfied that the work upon that building is to be faithfully and continuously prosecuted I cannot approve of undertaking another school building, involving a further bond issue, entailing the payment of large interest, without any appreciable results.

The Fire Department is in a thorough state of efficiency. The continued and attentive service of Chief Applegate in his Department, since its inception, has brought it up to such a state of efficiency in every detail as to entitle him to no small meed of praise for his efforts. It is regrettable that the Department has been forced, by reason of injuries received by him in the performance of his duties, to part with him, but the law obliged the Board to retire him upon the certificate of three competent physicians, who certified to his disability. He leaves the Department with the esteem and best wishes, not only of his own force, but with the good will of every official whom, in his long service he has known. He is succeeded by Chief Dunn, whose experience gained after years of service, under the former Chief, affords every guarantee to our citizens that the standard of efficiency in this Department in the past will be fully maintained in the future.

A plot for a new engine house has been purchased by the Council, at the corner of Eighth and Clinton streets, by paying the Hoboken Land and Improvement Company one thousand dollars and exchanging two meadow lots for which the city had no use. The act under which this fire house can be erected limits the expenditure to \$25,000 for land and building, but in view of the high cost of labor and material at present, and the necessity of purchasing engine, horses and incidentals, I would recommend the passage of an act increasing the limit of expenditure to \$35,000 to cover all the requirements of a complete fire house.

The condition of the police force calls for no special comment at this time. The care and attention bestowed upon it by the Commissioners under the immediate supervision of Chief Hayes have caused it to be regarded as one of the most efficient and best managed departments in the State, and I feel that our citizens so regard it.

The men of the Fire and Police Departments have indicated to me a preference for semi-

monthly payments of their wages, instead of monthly payments. There are precedents in other cities for this method of payment, and I commend it to your Honorable Body for favorable consideration.

The Board of Trade of this city have considered and pressed upon the attention of the city the necessity for taking action for an increased water supply by enlarging our main at the intake at Weehawken and through the city to thirty inches, and maintain that this expenditure will result in saving to our citizens at least thirty-three per cent in insurance rates. The Board of Water Commissioners have taken this question up, and I would suggest that your Honorable Body during the coming year confer with the Board of Water Commissioners for the purpose of reaching a satisfactory solution of this important question.

The Board of Trade also expended considerable effort during the last two years in calling out attention to the necessity of properly draining the low-lands by a system of pumping, and I would suggest that your Honorable Body bestow your most serious consideration upon this most important topic. If there be any doubt in your minds as to the popular feeling upon an improvement of this character, involving, as it does, a great expenditure of money, I would suggest the passage of an act which, by referendum, will leave it to the public at any general election to decide whether the low-lands shall be drained by pumping or not. If it be decided affirmatively your Honorable Body can at once address yourselves to the details of the work and prosecute it to speedy completion. If pumping be undertaken we should consider the advisability of erecting our own electric plant to operate the pumps, and at the same time thereby furnish light to the city at a much lower figure than the city now pays for that service.

The health of the city, under the prudent supervision of the Board of Health, all that can be desired, but the phenomenal growth of this city should serve as a warning to us to provide for the future by availing ourselves of all possible sanitary safeguards.

Our parks have been placed in good condition during the last year by the making of new cement walks, the erection of an ornamental railing around the fountain in Church Square, and a general improvement of Elysian Square. The necessity for the construction of a substantial sea wall in the easterly side of Elysian Park is quite apparent, and this should be undertaken and completed during the current year.

Washington street requires repaving, and I would recommend that it be done with specification blocks, similar to those in River street, and in substantially the same manner, excepting possibly around the City Hall, where street noise should be eliminated as far as possible by the use of wood or asphalt. But before making this improvement, your Honorable Body should consider the necessity of laying conduits in our streets, into which all wires shall be placed. This will not only serve to improve the appearance of the city, but will produce a revenue which will eventually pay the cost of the investment. The streets of Hoboken were never preserved in better order than during the last year under the careful and painstaking supervision of Street Commissioner Haggerty. His resignation from this Department and his acceptance of the clerkship of the Fire Board is a distinct loss to the former Department and a decided gain to the latter. If his successor in the Street Department emulate the standard of efficiency and devotion to duty set by Mr. Haggerty the citizens will have no reason to complain of the management of that Department.

During the last few weeks a conference was held between the officials of the Lackawanna Railroad, the Board of Assessors, the Corporation Attorney and myself, with the object of ending, if possible, the long and complicated litigation between the city and that company over the question of the proper assessment of the Hoboken ferries and the railroad property. The railroad officials manifested a spirit of fairness, which was met by the city officials in like spirit, and as a result these troublesome tax questions were settled by an agreement which nets the city in this year's collection of arrears of taxes the sum of \$180,204.64, and prepares for settlement the question of opening up the old drains and sluiceways at Bloomfield street and Park avenue, and Jefferson street, so as to bring about a more efficient drainage of the low-lands through the railroad yards and into the railroad canal. It also terminates the controversy involved in an ejectment suit by the city, involving a small triangle at the foot of Ferry street, by which the city is to receive \$1,000 for its rights thereon.

The Manual Training School and the Free Public Library are still conducted in that spirit of efficiency and progress that marked their creation as distinct advancements in the educational progress of our city.

In reviewing the public institutions of our city, mention is seldom made of one which by reason of its charitable work and the unselfish and devoted services of its officials and servants has given to Hoboken a distinguished

place among the charitable and benevolent cities of the world. I refer to St. Mary's Hospital and the work in the cause of humanity of the good Sisters in charge thereof. Our sick, injured and dying are taken there daily, whether we pay for them or not, and it seems to me that the growth of this city now will warrant a yearly appropriation by our Tax Commissioners to support our sick and maimed poor, and that if the Tax Commissioners have not that power, that the necessary legislation should be forthwith procured as a small measure of justice to this home of these good Samaritans, whose lives are gratuitously devoted to the alleviation of suffering and distress.

The marvellous growth of New York City as a business emporium presages for our city, by close association, a partnership in its progress, its fortunes and its history. With tunnels traversing the bed of the Hudson and carrying this great population under its waters to the busy commercial centre of the world; with a bridge among the possibilities of the immediate future, doing the work for this County and State that the Brooklyn Bridge now but incompletely does for Brooklyn and Long Island, who can measure or limit the possibilities of Hoboken as a residence centre and a mart of trade?

Therefore, permit me in wishing you all the happiness incident to this auspicious occasion, to accompany the wish with the hope that our acts as citizens and officials may be so directed that the possibilities of this great future of our city may be promoted and not retarded by our performance of public duty.

Respectfully yours,
GEORGE H. STELL,
Mayor.

Hoboken Board of Trade,
Hoboken, N. J., Jan. 9, 1907.

Honorable Mayor and Council, City of Hoboken, N. J.:

Gentlemen—The members of the Insurance Committee of the Hoboken Board of Trade, who have under consideration the matter of increasing the efficiency of the water supply of the city, most respectfully request your Honorable Body to appoint a time when the members of the Board of Trade may appear before you for the purpose of urging the necessity of taking some action looking toward the improvement of the present conditions.

It is desired to present to you a statement of the deficiencies that exist, that steps may be taken to remedy the same.

Trusting that this request may be granted, and thanking you in advance, I remain,

Respectfully yours,

Hoboken Board of Trade,
Hoboken, N. J., Jan. 9, 1907.

Honorable Mayor and Council, City of Hoboken, N. J.:

Gentlemen—At the meeting of the Board of Trade, on December 12, a resolution was passed to the effect that the Mayor and Council be requested to order all railroad, telephone and electric light companies to lay their wires

under ground, as soon as this can possibly be done, in order not only to make the streets more sightly, but also to make it possible for the Fire Department, in case of fire, to reach buildings that are now inaccessible on account of the multitude of wires strung on poles.

This is a matter of the utmost importance and should receive your favorable consideration.

Respectfully yours,

C. ALFRED BURHORN,

Secretary.

The following report from James F. Minturn, Corporation Attorney, was presented, read and referred to the Committee on Finance and Salaries:

Office of Corporation Attorney,
Hoboken, N. J., Dec. 21, 1906.

To the Honorable Council of the City of Hoboken:

Gentlemen—I have to inform your Honorable Body that pursuant to various meetings attended by the Board of Assessors, the Mayor and myself, on behalf of the city, an agreement was reached between the Lackawanna Railroad and the Hoboken Ferry Company for the settlement of the taxes now due by the said Railroad and the Ferry Company to the city for a few years past, and which have been the subject of litigation for that length of time.

It was considered best, in the interest of the city, if possible, to put an end to this litigation, so that the city might receive the benefit of the payment of these taxes at the earliest moment.

The litigation involved some serious legal questions, which it was within the province of the railroad to have heard by the highest court in the land, if it so desired, and as the railroad manifested a desire to meet the city on a friendly basis on these matters, and on all future matters connected with the city's interest, it was deemed best by the Board of Assessors and His Honor the Mayor and myself, to put an end to the litigation, even at some little sacrifice from the city's standpoint, for the immediate benefit that we would gain, as well as for the future relations which it was hoped a settlement would bring about between the city and the corporation.

Accordingly, the following was reached and subscribed to by the railroad officials and the officials of the city.

It was agreed that the evaluations on the upper and lower ferries, including lands, buildings and boats, should be settled at the following figures:

1903, at \$1,850,000.

1904, at \$2,000,000.

These amounts to be fixed by the judgment of the State Board of Equalization on the appeals now pending before them.

1905, the assessment on the lower ferry and ten boats, as fixed by the State Board of Assessors, is to stand, and the city is to consent to the entry of judgment to that effect in the proceedings pending before the three Justices of the Supreme Court, on the appeal taken by me in behalf of the city from the assessment of the State Board of Assessors, for that year.

On the upper ferry and three boats, the assessment for 1905 was fixed at \$550,000 on a judgment to be entered by consent of the State Board of Equalization, this ferry, it being agreed, was not within the jurisdiction of the State Board of Assessors, but assessable by the local Assessors. Taxes on all the above amounts are to be paid forthwith by the railroad Company, after the entries of the necessary judgments, with interest at 5% per annum, from the time the said amounts became due, less the installments already paid to the city under the order obtained by me some months since, from the State Board of Equalization.

For 1906, the lower ferry, including the lands and the buildings, is to be assessed at \$1,200,000.

The upper ferry, including land, buildings and three boats, to be assessed at \$550,000. The boats on the lower ferry remain as assessed by the State Board of Assessors, and the city's assessment thereon to be cancelled. Judgment is to be entered by consent of the County Board and the State Board of Equalization of Taxes for the above amounts.

The terminal lands of the railroad, consisting of 24,386 acres, assessed by the city for 1906 at \$1,351,600, is to be reduced to \$1,059,815, being the assessment for 1905 thereon by the State Board of Assessors, plus an increase of 6%. The assessment on the improvements on the terminal property to remain as assessed by the city for 1906.

It was further agreed to put an end to all the other litigation existing between the city on minor matters, and the city, in consideration of the payment to it of \$1,000, agrees to discontinue its pending ejectment suit against the company for the lands east of Hudson street, in what would be Ferry street, if continued. The city to give a quit claim deed

to the company for the small triangle, containing about 546 square feet, inside of the Lackawanna fence line, at what would be the southeasterly corner of Ferry and Hudson streets, if extended. The company also to pay the costs of this litigation.

I may say incidentally, that the success of the city to get land east of Hudson street, under the decisions of the courts of this State, excepting the small triangle mentioned within the Lackawanna fence line, would be very problematical.

The courts of this State, and of the United States, have held that the riparian grant by the State of lands under water or lands that were formerly under water, precludes the city from carrying its streets over the lands so granted by the State, which means that the city's claim would end at Hudson street, or at a point not very far distant from the easterly line of Hudson street.

I think that these decisions are manifestly unfair to the public and not based upon a right reason or solid legal ground, and that in the not far distant future, the courts of this State will find it necessary for the public good to support the reasoning of the Court of Errors and Appeals in the case of the Hoboken Land and Improvement Company against Hoboken, in 7 Vroom, page 540, which decision has been practically overruled by the United States Supreme Court and the later decisions in this State.

That case held, where the owner of the upland obtained a grant from the State, to fill in the lands under water fronting his upland, he could not thereby deprive the public of the right to carry the streets running to the high water mark, down to the new high water mark fixed by him by filling in the lands under water obtained by him from the State under the riparian grant.

The Supreme Court of the United States and the later decisions of the New Jersey courts following that decision, not because it was sound law, but for the sake of uniformity of decision, have reversed this well considered case and held that the public are stopped from going over the newly made ground obtained by riparian grant from the State, and that the streets are prevented from going to the water front.

In my judgment, these decisions are a violation of the fundamental principles of the common law and an outrage on public rights, but until they are reversed by a reversal of the United States Supreme Court case, or by some legislative interference, which will affirm a public policy in behalf of the State, we must accept these decisions as the law of the

land, however much we may regret it, and protest against their soundness.

Another question disposed of by this agreement was that the company agrees to take up at once the question of the city's rights to maintain sewers under the terminal yard, between Ferry street and the canal, for the purpose of draining the low-lands of the city.

The object of this agreement is to enable the citizens of the lower part of the city to drain their sewers through the railroad yard into the canal and to keep open said sewers when they shall be relieved.

When this shall have been accomplished, the city will be clear of all litigation with the large corporations that have been doing business with the city in recent years, and while it is at all times advisable and necessary that our rights, as we view them, should be respected and prosecuted, it is equally desirable, where the sacrifice is not great, for the city, if possible, to live in peace and harmony with the corporations, with which it does business and to which it must look at all times and under all circumstances, to contribute to a large extent for the support of its government.

It is advisable, therefore, in the future, and I would recommend that rather than enter into hasty and long-drawn-out litigation, with these corporations, that conferences be held where matters are in dispute, and that the City Board involved take into its confidence the Mayor, Corporation Counsel, City Treasurer and the Collector of Revenue, who represent all the departments likely to be affected by the withholding of revenue to any great extent and then determine by mutual agreement, if possible, upon a settlement of all controversies affecting the respective interests of both parties.

Yours very truly,
JAMES F. MINTURN,
Corporation Attorney.

The following communication from the Board of Tax Commissioners was presented, read and referred to the Committee on Finance and Salaries and Committee on Fire and Water, in conjunction with the Corporation Attorney:

Hoboken, N. J., Feb. 13, 1907.

To the Honorable the Mayor and Council:

Gentlemen—At a meeting of the Board of Tax Commissioners, held on Friday evening, February 1, 1907, the following resolution was adopted:

Resolved, That this Board certify to the Mayor and Council that they will appropriate

\$2,000 for supplies and repairs for the use of the Fire Department, and request the Mayor and Council to issue a temporary bond for \$2,000 and credit the same to the Fire Fund.

Respectfully submitted,

FRED. W. GRUBE,

Secretary Board of Tax Commissioners.

The following communication from the Public Service Corporation of New Jersey, accompanied by petitions, etc., relative to same, was presented, read and on motion of Councilman Schultze referred to the Committee of the Whole:

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—The Jersey City, Hoboken and Paterson Street Railway Company submit herewith several plans for changes in the tracks of their present street railway in your city, prepared with a view toward improving the present operation and meeting conditions made necessary by the opening of tunnels under the Hudson River, in which we ask your co-operation and approval. Drawings show in detail just what is required to bring about the best results, which in relation to the operation of the different lines is as follows:

The proposed curves at First and Washington and Second and Washington streets are for the purpose of permitting cars operating on the White Line to reach the Hoboken terminal on Hudson street. It is not intended to abandon the present terminal, but to alternate the cars between the two terminals.

The connections at First and Harrison and Second and Harrison streets are to be used in connection with the new arrangement of operating White Line cars over the tracks of the West Shore Railroad at this point. At the present time the cars, after passing over the bridge over the West Shore tracks, run over a wooden trestle adjacent to a lumber yard and varnish factory, with a very short radius curve at the foot of the trestle. There is always a possibility of this trestle catching fire and thus tying up the line for an indefinite period.

The connection into the car house on Ferry street is for the purpose of facilitating the movement of cars entering and leaving the car house. We have made considerable improvements at this car house this last year, and, if this curve is installed, in case a car is derailed in the car house, it will be possible to get cars out of the house independent of the present connection.

In connection with the proposed rearrangement of tracks at the Hoboken terminal, it is proposed to take all of the tracks off Hud-

son place, except two loop tracks at the easterly end, and place all of the lay-over tracks on our own property. In order to get cars out of the terminal on to Hudson place it is necessary to have three turn-out tracks, as shown by our maps. The two loop tracks are to be used, one for elevated and the other for surface cars, with necessary connecting switches to make the operation flexible in case of necessity. We are able to reduce the number of loop tracks from three to two because it is not contemplated loading or unloading cars on the loop tracks, but rather on tangent tracks located on our property.

Our proposed plan contemplates the erection of a shed covering our property for the protection of passengers, and also a covered arcway so that passengers will be under cover from the boats to the trolley cars. It is contemplated to extend this shed over the sidewalk and supported by iron columns placed along the curb line. This shed will not in any way interfere with foot passengers going to and from the ferries, but to the contrary will be a means of protection to them as well as for trolley passengers.

Very respectfully,

(Signed) EDWIN W. HINE,
Assistant to the President.

The following communication from His Honor Mayor Stell, was presented, read and on motion of Councilman Buckley referred to the Committee of the Whole in conjunction with the Corporation Attorney:

Mayor's Office,

Hoboken, N. J., Feb. 13, 1907.

To the Council.

Gentlemen—In my annual messages of 1906 and 1907, I called the attention of your Honorable Body to the necessity of laying a 30-inch water main, for a better water supply and better protection in case of fire. My attention has been called to the fact that the Board of Fire Underwriters have agreed upon an advance of \$1.50 per thousand. Owing to this fact, I again call your attention at once to the urgent necessity of having the matter attended to.

I would request you to direct your Committee on Legislation to have a bill introduced in the Legislature, giving our city the right to issue bonds to the amount of \$100,000 for the purpose of improving our present water supply.

Yours respectfully,

GEORGE H. STEIL,

Mayor.

The following communication from His Honor Mayor Steil was presented, read and the recommendation adopted:

Mayor's Office,

Hoboken, N. J., March 27, 1907.

To the Honorable Council:

Gentlemen—It becomes necessary for me to call your attention to the enormous damage now being done to the houses in the lower part of the city by the blasting in the Lackawanna Tunnel. This tunnel is in Jersey City, but the blasting causes the damage here in

Hoboken, and we should take notice of that fact in the interest of our citizens. I have communicated with the Corporation Attorney upon the subject of stopping this nuisance, and he advises that a resolution be passed directing him to procure an injunction. I would advise your Honorable Body to pass such a resolution at once, so that proceedings may be taken immediately against the railroad to abate the nuisance.

Very respectfully,

GEORGE H. STEIL,
Mayor.

Bond of Joseph Monta, as expressman, was presented, read and referred to the Committee on Laws and Ordinances.

The following report from the Commissioners of Assessments was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, March 13, 1907.

To the Honorable the Mayor and Council:

Gentlemen—We, the undersigned Commissioners of Assessments, herewith present to your Honorable Body our report with the accompanying assessment map for the improvement of Ferry street, between Monroe street and the westerly boundary line of the city.

Being entirely disinterested and not owning any land or real estate along the line of said improvement, we proceeded with the making of this assessment by carefully examining the improvement on the ground and

by ascertaining and locating all lands and real estate benefited by the same; the accompanying map and assessment list shows the location and extent of all lands and real estate so benefited, designating each lot or parcel by lot and block number, and the names of all owners as far as could be ascertained.

We have found the entire costs and expenses of said improvement to be seven thousand eight hundred and fifty dollars and eighty-one cents (\$7,850.51.)

We have ascertained that the total costs and expenses of said improvement exceed the benefits received by all lands and real estate therefrom to the amount of \$3,557.93, which amount we have assessed upon the city at large; the remaining sum of \$4,292.88 we have assessed upon all land and real estate benefited, in proportion to benefits received.

We have also considered the question of damages and have concluded, after full deliberation, that no property was damaged by the making of said improvement, and that no person or persons were in any manner entitled to damages on account of the said improvement.

We have examined into the whole matter, and have appointed a time for a hearing for all persons interested, at the City Hall on Tuesday, the fifth day of March, 1907, at 7:30 o'clock p. m., and then and there have heard all objections and claims made before us, against the said assessment, and after having carefully considered the said objections and claims at a subsequent meeting held by us, we have finally completed our assessment as shown on the map and assessment list accompanying this report.

Respectfully,

JAMES HARKSEN,

C. F. GUTH,

W. KACKENMESTER,

Commissioners of Assessments.

TIVY & SMITH,

City Surveyors in charge.

The following report from the Commissioners of Assessments was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, March 13, 1907.

To the Honorable the Mayor and Council:

Gentlemen—We, the undersigned Commissioners of Assessments, herewith present to your Honorable Body our report with the accompanying assessment map for the improvement of Thirteenth street, between Willow avenue and Madison street.

Being entirely disinterested and not owning any land or real estate along the line of said improvement, we proceeded with the making

of this assessment by carefully examining the improvement on the ground and by ascertaining and locating all lands and real estate benefited by the same; the accompanying map and assessment list shows the location and extent of all lands and real estate so benefited, designating each lot or parcel by lot and block number, and the names of all owners as far as could be ascertained.

We have found the entire costs and expenses of said improvement to be fifteen thousand five hundred and seven dollars and fifty-nine cents (\$15,507.59.)

We have ascertained that the total costs and expenses of said improvement exceed the benefits received by all lands and real estate therefrom to the amount of \$6,909.50, which amount we have assessed upon the city at large; the remaining sum of \$8,598.09 we have assessed upon all lands and real estate benefited, in proportion to benefits received.

We have also considered the question of damages and have concluded, after full deliberation, that no property was damaged by the making of said improvement, and that no person or persons were in any manner entitled to damages on account of the said improvement.

We have examined into the whole matter, and have appointed a time for a hearing for all persons interested at the City Hall on Thursday, the seventh day of March, 1907, at 7:30 o'clock p. m. and then and there have heard all objections and claims made before us against the said assessment, and after having carefully considered the said objections and claims at a subsequent meeting held by us, we have finally completed our assessment as shown on the map and assessment list accompanying this report.

Respectfully,

JAMES HARKSEN,

C. F. GUTH,

W. KACKENMESTER.

The following proposals for the purchase of bonds of the City of Hoboken, to be known as Fire House Bonds, were presented, read and referred to the Committee on Finance and Salaries:

From Kountze Bros.:

New York, April 10, 1907.

The Honorable Mayor and Council of the City of Hoboken, N. J.:

Gentlemen—For \$20,000 City of Hoboken 4½% coupon, with privilege of registration, fire bonds, maturing twenty years after date, without option of prior redemption, we will pay 103.43 and accrued interest to date of delivery, subject to the approval of our attorneys as to legality of issue, you to furnish all documents required by them in making their examination.

Respectfully yours,

KOUNTZE BROS.

From James R. Magoffin:

49 Wall Street,

New York April 6, 1907.

James H. Londrigan, Esq., City Clerk, Hoboken, N. J.:

Dear Sir—If you will make your Hoboken City bonds pay five per cent, I will take them at par and accrued interest, or I will give you ninety for fours.

Yours very truly,

JAMES R. MAGOFFIN.

From Ladenburg, Thalmann & Co.:

25 Broad St.,

New York, April 9, 1907.

James H. Londrigan, Esq., City Clerk, Hoboken, N. J.:

Dear Sir—We beg to state that we will give 100.03 and accrued interest, subject to the legality being satisfactory to our attorney, for the \$20,000 City of Hoboken bonds bearing 4% interest, due in twenty years, issued for fire purposes, denomination \$1,000, interest payable semi-annually, for which you ask bids.

We enclose herewith a certified check for \$1,000 to be used as part payment towards the

purchase price of the bonds if our bid is successful, and if not, to be returned to us.

Yours very truly,

LADENBURG, THALMANN & CO.

Hoboken, April 10, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Your Committees on Public Grounds and Buildings and Fire and Water, to whom was referred the several proposals for the building of a fire house, beg leave to report that they have carefully examined the same and find the one of James Whalen the lowest, and would therefore offer the following:

Resolved, That the contract for the building of a fire house be and the same is hereby awarded to James Whalen, at the price named in his proposal, viz.: \$34,219; and further

Resolved, That the Corporation Attorney be and he is hereby directed to prepare the necessary bond and agreement for doing said work, and also that the City Clerk be directed to place all other proposals for doing said work on file.

CHAS. ZANG,
JOHN J. DELANEY,
PETER F. CLARK,
JOHN N. ORTLIEB,
Committees.

On motion of Councilman Zang the report was received and the resolution adopted by the following vote:

Adopted by the following vote:

Nays—None.

Absent—Councilman Hopper.

The following communication from His Honor Mayor Stell was presented and read:

Mayor's Office,

Hoboken, N. J., April 4, 1907.

To the Honorable Board of Council:

Gentlemen—I herewith return, without my approval, the ordinance entitled "An ordinance to establish and provide for an Assistant Corporation Attorney and to define his duties," presented to me for my consideration, and a resolution entitled "A resolution appointing John J. Fallon Assistant Corporation Attorney."

My reasons for disapproving this ordinance are as follows:

In the first place, I am advised by the Corporation Attorney that he does not require an assistant, in the sense that the proposed ordinance would give him, and he assures me that there is no necessity at the present time for the creation of such a position as Assistant Corporation Attorney.

Secondly, there is a widespread feeling on the part of our citizens generally, and the Board of Trade of this city, who waited upon your Honorable Body and myself, of protest against the creation of such an additional office, in the sense of that provided for by this ordinance, as entailing an additional and unnecessary expenditure of public money.

Thirdly, I am advised that the ordinance in question is invalid, because it is directly opposed and contrary to the provisions of the City Charter.

There is no authority in the City Charter for the creation of such an office for the term of five years. While Section 10 of an act entitled "A further supplement to an act entitled 'An act to incorporate the City of Hoboken,'" approved March 28, 1855, and found in Chapter No. 179, page 379 of the City Charter, authorizes the Council to pass an ordinance to establish certain subordinate offices in this city, still, it expressly provides that no officer appointed under its provisions shall continue

in office later than the first Monday in May after their appointment.

By a later amendment, the time during which such appointment could remain in force was extended from the first day of May to the first day of January, but in no case is there any authority to take such action as your Honorable Body has attempted in Section 3 of the said ordinance.

In returning the resolution, entitled "A resolution appointing John J. Fallon Assistant Corporation Attorney," without approval, I am advised that it is entirely irregular.

Under the statutes, an ordinance does not go into effect until passed by the Council and approved by the Mayor, or, the Mayor having failed to act on it within ten days from receiving the same, it becomes effectual by default on his part, but then only after it has been advertised twenty days.

The resolution, therefore, is without effect, having been passed on the same night that the ordinance was finally acted upon by your Honorable Body.

Yours very truly,
GEORGE H. STEIL,
Mayor.

Councilman Wren moved that the communication be received and that the ordinance and resolution be adopted notwithstanding the veto of His Honor the Mayor.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Ortleib, McFeely, Schultze and Wren.

Nays—Councilman Zang and Chairman Whelan.

Absent—Councilman Hopper.

Ayes—Councilmen Buckley, Clark, Delaney, Ortleib, McFeely, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilman Hopper.

Councilmen Schultze and Ortleib presented the following:

Whereas, Antonio Giordano and Rosa Giordano, his wife, have filed a petition requesting the cancellation of a certain record in the book of sales in the City Clerk's office wherein it appears that lot number twenty-nine (29), in block number seventy-four (74), on Coster Map of the City of Hoboken, was sold to D. H. Goodridge for the taxes of 1876, said petitioners being the owners of said lot; and

Whereas, It further appears that there is no certificate of any such sale in the possession of the estate of said D. H. Goodridge; neither is there any record of any such sale in the original sales book in said City Clerk's office, nor does said lot appear in the delinquent tax book for 1876; therefore

Be it resolved, That the City Clerk of the City of Hoboken do and is hereby ordered to cancel of record the above mentioned sale of lot twenty-nine (29), in block seventy-four (74), for the taxes of 1876, as the same was evidently recorded by mistake.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Ortlieb, McFeely, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilman Hopper.

Councilmen Schultze, Clark and Ortlieb presented the following:

Your Committee on Finance and Salaries, to whom were referred the bids for the purchase of the \$20,000 fire house bonds, would respectfully report that they have carefully examined the same and find the proposal of Ladenburg, Thalmann & Co. the highest and most advantageous bid for the city, and in the judgment of your Committee it is to the best interest of the city to accept the same, and your Committee would therefore report for adoption the following:

Resolved, That the bid of Ladenburg, Thalmann & Co., for the purchase of \$20,000 fire house bonds at 100.03, be and the same is hereby awarded to the above named bidders at the price named in their proposal, viz.: 103.03; and further

Resolved, That the City Clerk is hereby directed to return to the unsuccessful bidders their checks accompanying their bid.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Ortlieb, McFeely, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilman Hopper.

Councilmen Zang, Clark and Delaney presented the following:

Resolved, That the City Clerk be and he is hereby directed to draw warrants on the Contingent Fund in favor of the following named persons for work performed on the free public bath:

Whereas, The Hoboken and Manhattan Railroad Company, in the course of the construction of a tunnel, have been in occupation of all that portion of Ferry street lying east of Hudson street, and have been excavating under and upon said street without the privilege or authority of the Mayor and Council of the City of Hoboken, or of the Committee on Streets and Assessments, or of the Street Commissioner so to do; and

Whereas, On December 13, nineteen hundred and five, the Street Commissioner caused to be

served upon said company a notice of a resolution adopted by this body on December 13, nineteen hundred and five, requiring said company to desist from further excavating or digging in, under or upon said street; and

Whereas, The said Hoboken and Manhattan Railroad Company thereupon instituted an action in the Court of Chancery against the Mayor and Council of the City of Hoboken, on bill to restrain said Mayor and Council from interfering with said company in digging a tunnel under the aforesaid street, and therein obtained from the Chancellor an order requiring the Mayor and Council of the City of Hoboken to show cause why a temporary injunction should not be granted pending said action; and

Whereas, Upon and after the argument of said order to show cause, the Court did allow said temporary injunction as prayed for by said company, pending the aforesaid action; and

Whereas, The matter involved in the aforesaid action before the Court of Chancery, and particularly the question as to the legal rights of the City of Hoboken in and to the aforesaid street, is of very great importance to this city; be it

Resolved, That the Corporation Attorney and the Assistant Corporation Attorney be and they are hereby directed to forthwith apply to the Court of Chancery for a speedy trial and final adjudication of the aforesaid action, to the end that the legal rights of the city may be thereby definitely ascertained, preserved and protected in the premises.

Office of Board of Education,

Hoboken, N. J., May 21, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—At a stated session of the Board of Education, held on Monday evening, May 20, 1907, the following was adopted, and I was directed to forward a copy to your Honorable Body for your consideration:

"Resolved, That this Board, through the Secretary, petition the Mayor and Council to asphalt the streets surrounding the following schools, viz.:

"Adams street, fronting School No. 3.

"Eleventh street, south side of School No. 6.

"Adams street, Jefferson and Seventh, facing School No. 8, on three sides."

The Board felt the necessity of this because of the noise from the street interfering with the school work.

By order of the Board of Education,

W. A. KERR,

Secretary.

To the Honorable Mayor and Council:

Gentlemen—I herewith most respectfully report to your Honorable Body that from the fiscal year beginning May 7, 1906, and ending May 6, 1907, I have collected for liquor licenses, transfers, peddlars' and miscellaneous licenses the sum of \$117,685; for license badges for preceding year the sum of \$81; making a total of \$117,766, all of which I have turned over to Mr. James Smith, City Treasurer, whose receipts for the same are in my possession, and certified to as correct on my books by the Comptroller.

Respectfully submitted,
JAMES H. LONDRIKAN,
City Clerk.

The following report from the Corporation Attorney was presented, read and referred to the Committee of the Whole:

Hoboken, N. J., May 22, 1907.
To the Honorable Council of the City of Hoboken.

Gentlemen—I have to inform your Honorable body that the following cases involving city rights have been decided within the last week:

The case of Nathan Stern vs. Frederick Steigleiter, involving the right of the plaintiff to compel the Building Inspector to approve the plans of the said plaintiff for a theatrical building upon the grounds now

known as the Hoboken Quartette Club, came up before Justice Fort on an application for a mandamus, and, after argument, the Justice denied the right of the plaintiff to a writ and held that the Building Inspector, under the ordinances concerning his duties, had the legal right to refuse permit requested.

In the case of Civic Righteousness League vs. The Mayor and Council, an application was made for a rule to show cause why a mandamus should not be issued against your Honorable body, requiring you to remove the screens from inns and taverns and houses of public entertainment on Sundays and election days, and Justice Fort granted a rule to show cause why a mandamus should not issue. The effect of this rule will be to present the matter to the Supreme Court at its term next month, when the legal question involved will be argued and the right of the plaintiffs to compel the city to conform to the law by this method of procedure will be determined by that court.

In the case of Margaret O'Neill vs. The City, involving claims amounting to over \$20,000 for arrears due upon old improvement certificates issued in 1867-68, Mr. Justice Fort heard the case last fall and decided it this week in favor of the plaintiff.

This case has been pending a few years and has been contested mainly upon legal points, as the witnesses to the transaction have been long since dead. The improvement certificates were issued for the building of a sewer in Newark street by the Hoboken and Weehawken Drainage Commissioners.

In so far as the facts in the case are concerned, they seem to favor the plaintiff's contention, that the certificates have never been paid and are still due and owing by the city.

The objection to the payment of the claim is that it was outlawed until the year 1903, when an act was passed by the Legislature validating these outlawed claims.

I contested the constitutionality of this act, but the Supreme Court in two decisions held it to be constitutional.

I then had an act passed declaring that interest could be collected on such claims only up to the time of their outlawry. This would limit the collection of interest on this claim to sixteen years, instead of thirty-nine years, as now claimed.

This question was the question presented to Justice Fort, and he had just decided that the plaintiff is entitled to recover.

The legal questions involved in this case are debatable ones, and in my judgment should be presented to the Supreme Court on

appeal, or to the Court of Errors and Appeals, so that the city's rights in the premises may be finally presented and decided by the Court of Last Resort before payment be decided upon.

In the case of John Marx and others, representing certain taxpayers of the city, for an investigation of the financial affairs of the City of Hoboken, Mr. Justice Fort, last Monday, decided that he would deny the application. This application, as you are aware, has been pending for about two years and was considered by the Supreme Court and Court of Errors upon the question of the constitutionality of the original act under which the petition was presented to the Court. The Court held the act to be constitutional, and the petition was then renewed under the act of 1907, under which the Justice of the Supreme Court, hearing the matter, is given a discretion to determine the questions involved, for the purpose of deciding upon the propriety of the investigation.

Under this discretion, the Justice denied the application of Mr. Marx and others.

The proceedings in this case, however, are intended to remind us that we are only trustees of the public funds, and that the court, upon the application of watchful taxpayers, is ever ready to investigate our actions, for the purpose of compelling an honest fulfillment of our duties as public servants.

Yours truly,

JAMES F. MINTURN,
Corporation Attorney.

The following annual report of Chief of Police Hayes was presented, read and referred to the Committee on Police and Militia:

Hoboken, N. J., May 16, 1907.
of the Honorable Mayor and Council.

Gentlemen—Enclosed herewith please find copy of report of Patrick Hayes, Jr., Chief of Police, for the year ending April 30, 1907, at a meeting of the Board of Police Commissioners held on Tuesday, May 14, 1907, I was directed to forward the same to your Honorable body.

Respectfully submitted,

DANIEL J. MCCARTHY,
Clerk.

May 14, 1907.

To the Honorable Board of Police Commissioners, City of Hoboken.

Gentlemen—The following report of the operations of the Police Department for the fiscal year ending April 30, 1907, is herewith respectfully submitted for your consideration.

As will be shown by the tabulated sheets, the year has been a remarkably busy one, and in the transaction of the business of the department the members of the force have

been diligent and zealous in the exercise of their duties.

We have on our police roster a noticeably large number of special policemen and chance-men, who are privately engaged. These men are not properly regulated, and this subject I refer to your Honorable body with the recommendation that you take some action relative thereto. I would further recommend that all details and assignments of the above mentioned officers be made only by the Board of Police Commissioners after a careful investigation into the character and qualification of the applicant. I would also suggest that all special officers and chancemen, so privately employed, wear a shield of special design and a uniform distinctly different from that worn by the members of the Police Department.

During the past few years a number of employment agencies and so-called shipping offices have located in this city, the proprietors being in every instance non-residents. These places have given the police no end of trouble and annoyance, through their schemes to obtain money from their credulous and unsuspecting customers (who are mostly immigrants). Arrests have been made of the proprietors, after they had succeeded in mulcting these unfortunates, but as it is almost impossible to detain the complainants, awaiting the trial of the agent, the latter invariably escapes punishment. To control and regulate these places an ordinance should be passed by the Common Council, establishing a license for them and compelling them to give a substantial bond for the good conduct of their business. I sincerely trust that immediate action be taken on this matter, as it is the only method that can be suggested to free the city from these swindlers.

The Common Council permits by ordinance storekeepers to sell fireworks during the time intervening between June 10 and July 10. The residents of this city are therefore subjected to a constant explosion of fireworks for one long month. This law is unreasonable, in fact absurd. Other municipalities were compelled to reduce the period of limitation, in compliance with the demands of their citizens, and it is both proper and due that similar action should be taken in this city. From year to year this nuisance is becoming more intolerable, as new inventions in nerve-racking, head-splitting explosives are placed on the market. Numerous arrests of small boys has failed to remedy the situation, and unless the Council repeals the existent ordinance and reduces the limitation for the sale of fireworks by retail dealers to a period of five days or a week, present conditions cannot

be improved. This matter I respectfully refer to your Honorable body, with the suggestion that the governing body of the city be communicated with on the subject.

Both station houses are in a deplorable condition and need thorough renovation. The Second Precinct house in particular being not fit for habitation. The cells in this building are located in the cellar and are damp, ill ventilated and poorly lighted, either by night or day. To confine in them any person arrested for a minor crime is inhuman, particularly women or young persons. This condition can be improved by the purchase of the adjoining vacant lot. This is a question of great moment and I hope it will be given favorable consideration by the Council.

During the past year 3,005 arrests were made, an increase of more than 400 over the record of the preceding year; 212 lost children were cared for by the police matrons. There were 19 suicides and 9 attempts at suicide; 178 warrants and 1,336 summons issued by the Recorder were served by the officers of this department.

Thanking your Honorable body for the encouragement and assistance rendered this department during the past year, this report is,

Respectfully submitted,

PATRICK HAYES, JR.,
Chief of Police.

The following communication from His Honor Mayor Steil, forwarding a communication from Henry Lohmann, President of the Commissioners of Assessment of Taxes, was presented, read and referred to the Committee of the Whole:

Mayor's Office,

Hoboken, N. J., June 12, 1907.

To the Council:

Gentlemen—I herewith enclose to your Honorable Body, for your consideration, a communication forwarded to me by Henry Lohmann, President of the Commissioners of Assessment of Taxes. I concur in the suggestions of the Commissioners of Assessments, and would recommend the appointment of a competent engineer for the purpose mentioned in said communication.

Very respectfully yours,

GEORGE H. STEIL,

Mayor.

Commissioners of Assessment of Taxes,

Hoboken, N. J., June 8, 1907.

Hon. George H. Steil, Mayor, Hoboken, N. J.:

Dear Sir—Mr. Minturn, our Corporation Attorney, has advised our Board that the terminal of the Hudson and Manhattan Tunnel Company can be properly assessed by us, and it is our purpose to do so. We find, however, that it is very difficult to arrive at a value at which this property, as well as the new Delaware, Lackawanna and Western ferry, constructed up to this time, should be fixed, and deem it necessary to request you and the Council to permit us to employ an engineer to assist us in arriving at such a valuation, say at an expense not to exceed \$250. It is an expenditure of money that will bring results in the assessment of these properties at very near their true value and eliminate the chance of undervaluation of same. Furthermore, it will furnish us with expert estimate and testimony of such in case the assessment should be disputed at some future time.

Our Board will deem it a favor if you will discuss this matter with the members of the

Council and advise us as soon as possible.

Respectfully submitted,

HENRY LOHMANN, JR.,

President.

On motion of Councilman Schultze the report was received and the claims ordered paid by the following vote:

Ayes—Councilmen Buckley, Delaney, McFeely, Ortlieb, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilmen Clark and Hopper.

The following report from the Committee of the Whole was presented and read:

Hoboken, July 24, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—The Committee of the Whole, to whom was referred the communication from the Board of Water Commissioners, relative to the laying of a thirty-inch main in the City of Hoboken, for the purpose of providing a greater water supply to the city, respectfully report that we have carefully considered the subject matter of said communication. We are of opinion that it would be the most advantageous to the city to provide for a better water supply, and we therefore recommend the passage of an ordinance to provide for the issue of water bonds, to the amount of \$95,000, therewith to pay for the installation of the water main recommended by the Board of Water Commissioners.

MARTIN J. WHELAN,
Chairman.

JAMES H. LONDRIGAN,

City Clerk.

On motion of Councilman Schultze the report was received and the recommendation adopted by the following vote:

Ayes—Councilmen Buckley, Delaney, McFeely, Ortlieb, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilmen Clark and Hopper.

The following communication from His Honor Mayor Steil was presented, read and received:

Mayor's Office,
Hoboken, July 24, 1907.

To the Council of the City of Hoboken:

Gentlemen—The tactics practiced by the Hudson and Manhattan Railroad Company (commonly known as the McAdoo Tunnel Company) actuates me in addressing you, to the end that the public may be apprised of the disadvantages to which our city has been subjected. This corporation has arrogantly manifested its indifference to our city and its officials.

On Saturday last, about a quarter to twelve o'clock, a writ of injunction was served upon me as the Mayor of the city, by virtue whereof the Mayor and Council, its officers, agents and servants were commanded and enjoined from interfering in anywise with said company in the construction of its terminal station in Hudson place, near the ferry entrance, and such displacement of the street pavement as they might make in the course of such construction. Nothing could be done in the way of making application to the Court of Chancery for the vacating of said injunction until Monday morning last, at which time the Assistant Corporation Attorney served notice upon Collins & Corbin, the attorneys of said company, of an application to be made in behalf of the city on Monday next for the vacating and setting aside of said injunction on the ground that the order upon which said writ of injunction was granted and the writ of injunction issued thereunder was illegally and improvidently issued and without notice to the city, and without the city having had an opportunity to be heard in the matter.

In the meantime the aforesaid company has been enabled by reason of said injunction to rip up our city streets on Hudson place, remove the pavements and lay planking upon the street, over which thousands of vehicles must pass daily. It is to be regretted that notwithstanding the vigilance of the Street Commissioner and other city officials the city was obliged to submit to allowing its streets to be disturbed without the aforesaid company conforming to the ordinances of our city respecting the opening of streets, which our

citizens are obliged to conform to. I feel sure that when our legal representatives have an opportunity to be heard in Court in regard to this matter the aforesaid injunction will be vacated and the city shall thereafter endeavor to obtain redress for the damage occasioned by the aforesaid company.

Respectfully submitted,

GEORGE H. STEIL,
Mayor.

The following report from the Board of School Estimate was presented, read and referred to the Committee on Finance and Salaries:

Board of School Estimate,
Hoboken, July 1, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—This is to certify that at a meeting of the Board of School Estimate of the District of Hoboken, County of Hudson, State of New Jersey, held on Monday evening, July 1, 1907, upon the presentation of a certificate from the Board of Education of said District, certifying that they have awarded a contract for the erection of an extension and enlargement to Public School No. 2, said award amounting to seven thousand four hundred and fifty-four dollars (\$7,454), and asking that the Board of School Estimate make provision for the payment of same, the Board of School Estimate did fix and determine that the amount specified was necessary for the purpose named. We therefore ask your Honorable Body to make provision for the payment of above named by the issue of bonds, to be designated "School Bonds."

Respectfully yours,

RICHARD BUCKLEY,
CHAS. ZANG,
PHILIP DAAB,
RICHARD MOONEY,
GEORGE H. STEIL,
President,

Board of School Estimate.

Attest:

W. A. KERR,
Secretary.

The following final report from Corporation Attorney Minturn was presented, read and received:

Office of the Corporation Attorney,

Hoboken, N. J., August 28, 1907.

To the Honorable Council of the City of Hoboken.

Gentlemen—I desire to submit to your Honorable Body my final report as Corporation Attorney of the city, showing the unfinished litigation on hand. Since my ap-

pointment as Corporation Attorney, there have been commenced in the upper courts of this State and in the United States courts three hundred and twenty-five cases, all of which have been disposed of by me during my term, excepting eight cases,, which are still pending. This record does not include the numerous cases commenced in the District Courts of the city and of the county, and before the Recorder of this city for violation of city ordinances, which more than double the number of the record of the cases commenced in the higher courts during the same period of time, but of all the cases commenced during my term as Corporation Attorney, none remain to be disposed of excepting the following eight cases:

First. Cases of the Mayor and Council of the City of Hoboken vs. Michael H. Murphy, John Bruning, Martin Steljes and Theophilus Butts, were commenced in the New Jersey Supreme Court to recover the amount of the defalcation of the bond of Michael H. Murphy, former Water Registrar of the city.

These cases have been twice before the Supreme Court on appeal. They went before the Supreme Court first upon demurrers to the declaration. After being held by the Supreme Court for some time, they were finally decided in favor of the city. After that they were referred to Charles K. Cannon, Esq., as referee, to hear and determine the same. They were tried before Mr. Cannon, as referee, the trial taking a long period of time, to suit the convenience of both sides, and were finally decided by Mr. Cannon against the city. Exceptions were filed to this report and the matter was then taken to the Supreme Court, and that court set aside the report of the referee and referred he case back to Mr. Cannon for retrial, as referee.

It was found necessary at this time to employ an additional financial expert in behalf of the city, and Mr. Wise, a competent expert of New York, was employed. The case of the city was again proven before Mr. Cannon and Mr. Wise gave his testimony showing the amount of the defalcation. He promised to return for cross-examination by defendants' counsel, and although repeated efforts were made to induce him to return, he never returned, and his cross-examination was never completed.

So far as the city is concerned, its case is complete and in the hands of the referee. Just about this time grave charges affecting Mr. Cannon were presented, and he was indicted, tried and convicted, and is now, it is supposed, in the asylum on a charge of lunacy. Shortly thereafter Mr. Butts died

and Mr. Martin Steljes died. Applications have been made to the court by me to substitute the executors of both these defendants in the places of the deceased defendants, but in view of the unfortunate accident to the referee, it will be necessary to have a new referee appointed, and the case tried over again before the new referee.

William D. Edwards, Esq., was appointed to assist me in the trial of these cases, and he has joined with me in all applications that have been made in the matter. The cases can be continued at the point where they were stopped by Mr. Cannon's troubles by my successor in conjunction with Mr. Edwards, unless settlement can be effected between the city and the defendants. The question of settlement has come up repeatedly during the trial of the cases, and it may be advisable, owing to the complications now existing, to consider the question of compromising these claims, as the most expeditious way of finally disposing of them.

Second. The case of the Mayor and Council of the City of Hoboken vs. North Hudson County Railroad, in the Hudson Circuit Court, involves the title of the city to the extension of what would be Ferry street, if continued east of Hudson street, and the case of Hoboken vs. the Delaware, Lackawanna and Western Railroad Company involves the same question, so far as that road is concerned.

The latter case was instituted by me at the request of Mayor Fagan, when he was in office, and the former case was instituted by me of my own volition, without any direction from the Mayor or Council, but both cases involve the same question.

I have repeatedly discussed these cases with your predecessors in office, as well as with yourselves, and have given you my opinion as to the validity of the city's claim, under the decisions and statutes of our State. The cases have come up indirectly for consideration before Vice Chancellor Pitney and Vice Chancellor Howell, on applications by me, representing the city, for injunctions to restrain the trolley company from interfering with Ferry street, east of Hudson street, and both of those Judges have expressed opinions adverse to the city's claim.

My judgment in both cases has been that the city has a very doubtful chance of success, and I have seen nothing during the last few years of litigation on this subject to induce me to change my opinion. It would seem to me that the only hope for success in the cases is the raising of a Federal question before the Circuit Court on the trial of the cases, and an appeal through our State courts to the United States Supreme Court,

in which latter court an effort can be made to have the case of the Pennsylvania Railroad Company against Hoboken reconsidered.

The judgments of our State courts on riparian questions, ever since the determination of that case by the United States Supreme Court, have been contrary to the theory of the law almost universally entertained by courts and lawyers upon that question in this State, since the organization of the State, and I believe its presentation at this time to the United States Supreme Court would bring about a reversal of the judgment.

Any assistance I can give to counsel in these cases, for the purpose of adequately presenting these questions to the court, I shall be happy to give at any time that the cases may be tried.

Third. Growing out of these ejection suits, there is the case now pending in the Court of Chancery against the Lackawanna Railroad Company, to restrain that company from invading the city's rights on Ferry street. That case has been postponed, by consent of counsel, from time to time, with a view of adjustment. The railroad company concedes to the city in all of these matters a small triangle at the junction of Hudson and Ferry streets, involving a few hundred square feet, and has offered as a basis of settlement of all claims pending between it and the city the payment of one thousand dollars to the city besides costs of court. An agreement of this kind was entered into by the Board of Assessors, the Mayor and myself, subject to confirmation by your Honorable Body, early last Spring, and I understand the railroad is still willing to abide by that arrangement.

Fourth. The cases now pending before the Supreme Court and submitted to the court this term, are those of the Hudson and Manhattan Railroad Company vs. The Mayor and Council, involving the legality of the city's ordinances, so far as they affect the right of the tunnel company to lay its tracks under the street. These cases will probably be determined next term by the decision of the Supreme Court.

Fifth. The case of O'Lay vs. the City was also submitted to the Supreme Court this term and involves the right of an individual citizen to compel the Council to remove the screens from the windows of saloons, in accordance with the provisions of the so-called "Bishops' Law." This case will also be decided at the next session of the Supreme Court.

Sixth. The case of Thomas H. McCann vs. The Mayor and Council, in the Hudson Circuit Court, involves the right of the plaintiff, as

engineer, to recover for services rendered in the making of plans and general superintendence of the proposed pumping system in the city.

Seventh. The case of Margaret O'Neill vs. the City, in the Supreme Court, was instituted to recover the amount of the principal due on improvement certificates, with interest hereon, issued by the Hoboken and Weehawken Drainage Commissioners in or about the year '67. These improvement certificates, with interest, amount at this time to over twenty thousand dollars. The city was not liable upon them until the year 1903, when an act was passed by the Legislature authorizing suit to be commenced upon such certificates and making the city liable therefor. Suit was immediately thereafter commenced upon these certificates, and I filed pleas in behalf of the city, alleging the unconstitutionality of the act of 1903, validating the certificates.

Demurrer was filed to these pleas, and the case was argued in the Supreme Court. Opinion was filed by the court, the late Mr. Justice Dixon representing the court, holding the act of 1903 to be valid and constitutional. In the winter of 1903, upon being elected to the Senate, I introduced and had passed by the Legislature an act repealing the act of 1903, and I then set up in my new pleas to the action the passage of this act by the Legislature. The case again went before the Supreme Court upon the validity of this act, and the Supreme Court held that the original act of 1903, having given a cause of action, could not be repealed, so as to affect the cause of action; and the act of 1903 was again sustained, although that act was repealed as to future suits by my act in 1905.

I then introduced and had passed in the Legislature, in the year 1906, an act limiting the amount of interest which can be recovered in such actions, requiring the plaintiff practically to accept interest on her claim up to the time of the outlawry of her original demand, which would be eighteen years after the issuing of the improvement certificates. In other words, the passage of the act of 1906 required her to accept eighteen years interest instead of forty years' interest, as she insisted upon claiming.

The case went to trial upon this state of the pleading, before Mr. Justice Fort, last fall, at the September term of the court, and he decided within the last two months that the act of 1906 could not legally limit the rate of interest due upon these certificates, and that the plaintiff was entitled to recover the full amount of her demand, with interest.

From his judgment I have, at the direction of the Mayor and the members of the Council, taken a writ of error in the Court of Errors and Appeals to the Supreme Court, removing the judgment to the former court for further argument. I have filed the necessary assignment of errors in the case and the case will be ready for argument at the next term of the court in November.

Since taking out the writ of error, the attorney for the defendant gave notice of an application for a mandamus against the Assessors to compel them to include in the tax levy of this year, the amount of this judgment. This application was refused by Justice Trenchard, but subsequently an alternative writ of mandamus was allowed by the Chief Justice. I have made the return to this writ in behalf of the Assessors, and that matter also will be argued before the Supreme Court at its next term in November.

This comprises all the unfinished litigation in the upper courts in my hands at the present time.

I think it proper, in this connection, to call the attention of your Honorable Body to the outstanding improvement certificates issued for the city and which have never been called in for payment, and upon which a high rate of interest is now running.

It is within the power of your Honorable Body to pass a resolution, or ordinance, directing the return to the City Treasurer for payment of all outstanding improvement certificates, and the effect of this notice will be that the holder of such improvement certificates will not be able to receive or recover interest upon the same after the time fixed in your notice for their return to the City Treasurer. In this way a large amount of interest will be saved to the city upon such outstanding obligations.

I also desire to call the attention of your Honorable Body to the fact that the asphalt companies who laid the asphalt upon the streets under contracts with the Council, have refused within the last few months to repair the asphalt on Monroe street and Park avenue, upon the ground that the gas company is causing the asphalt to go out of repair. The gas company have denied this and are ready to prove that it is not their fault.

Under these circumstances I would advise that proceedings be brought against the asphalt companies to compel them to live up to the terms of their contract and their bond and make the necessary repairs to the asphalt.

In conclusion, I wish to suggest to your Honorable Body that if at any time my services be needed in behalf of the city, for the

purpose of closing out these cases or assisting in the determination of any future litigation, I shall be pleased, if you will command me.

Yours very truly,

JAMES F. MINTURN,
Corporation Attorney.

Office of the Corporation Attorney,

Hoboken, N. J., Aug. 28, 1907.

The Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Having recently qualified as Circuit Court Judge, in pursuance of my appointment to that office by His Excellency Governor Stokes, I hereby tender to you my resignation as Corporation Attorney.

I am reminded at this juncture of the fact that for over twenty years I have enjoyed your confidence, that of your predecessors and the confidence generally of the people of this city in the discharge of my official duties.

Realizing that fact and the further fact that during this long term, I have endeavored to discharge my duties honestly and to the full measure of my ability, I confidently deliver with my best wishes this office of honor and responsibility to the friends who are about to succeed me.

With my best wishes for your individual happiness and prosperity, and the happiness and prosperity of my successors in the office which I now vacate, I beg to remain,

Faithfully yours,

JAMES F. MINTURN.

Councilmen Delaney, Buckley and Wren presented the following:

Whereas, The Public Service Railway Company has submitted to the Common Council of the City of Hoboken its plans for changes in its tracks at Hudson Place Terminal, which plans contemplate the erection of four (4) poles within the curb lines of Hudson Place and Hudson street and the construction of three (3) connections between the track now in Hudson street and property of the Public Service Railway Company, at the southeasterly corner of Hudson street and Hudson Place. The centre lines of which connections are described as follows:

A. Beginning at a point in the centre line of the present single track in Hudson street, distant forty-one feet and fifty hundredths of a foot (41.50') northwardly from the intersection of said centre line extended and the centre line of Hudson Place, and extending thence (1) south twenty-four (24) degrees seventeen (17) minutes twenty-five (25) seconds west sixty-eight feet and sixteen hundredths

of a foot (68.16') to a point of curve; thence (2) curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one one hundredths of a foot (11.91') to a point of compound curve; thence (3) still curving toward the left with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of fifty-two feet and six hundredths of a foot (52.06') to a point in the easterly side line of Hudson street.

B. Is a connection between the track above described and said property of The Public Service Railway Company at the southeasterly corner of Hudson Place and Hudson street: Beginning at a point in the centre line of the connection described above as "A," distant fifty-four feet and forty-five hundredths of a foot (54.45') southwardly from the beginning point thereof, and extending thence (1) southwardly curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one one hundredths of a foot (11.91') to a point of compound curve; thence (2) still curving toward the left with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of fifty-two feet and six hundredths of a foot (52.06') to a point in the easterly side line of Hudson street.

C. Is a connection between the track above described as "A" and said property of The Public Service Railway Company, at the southeasterly corner of Hudson street and Hudson Place: Beginning at a point in the center line of the track first above described as "A," distant forty feet and seventy-four hundredths of a foot (40.75') southwardly from the beginning point thereof, and extending thence (1) southwardly curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one one hundredths of a foot (11.91') to a point of compound curve; thence (2) still curving toward the left with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of fifty-two feet and six hundredths of a foot (52.06') to a point in the easterly side line of Hudson street.

Now, therefore, be it resolved, That said plan of construction be approved and said company be directed to replace the pavement in Hudson street disturbed by the construction of said tracks and to pave the space between the rails of said tracks and for eighteen inches outside each rail in a manner satisfactory to the Superintendent of Street.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Hepper, McFeely, Ortlieb, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilman Schultze.

Councilmen Delaney, Buckley and Wren presented the following:

Resolved, By the Common Council of the City of Hoboken, acting for and on behalf of the municipality thereof, that permission be and the same is hereby granted to The Public Service Railway Company, its successors and assigns, to locate, construct, operate and maintain a connection between its easterly track in Washington street, south of Second street, and the present track in Second street, west of Washington street; and a connection between its westerly track in Washington, south of First street, and the present track in Second street west of Washington street, in the City of Hoboken, County of Hudson, and State of New Jersey, the centre lines of said connections are described as follows:

A. Being a connection between the easterly track in Washington street south of Second street and the present track in Second street west of Washington street, the centre line of which connection is described as follows: Beginning at a point in the centre line of the easterly track in Washington street, distant sixty-one feet and seventy-nine hundredths of a foot (61.79') southwardly from the intersection of said centre line with the centre line of the track in Second street, and extending thence as follows: (1) Northwardly curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of seventeen feet and eighty-six hundredths of a foot (17.86') to a point of compound curve; thence (2) still curving toward the left with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of sixty-three feet and ninety-six hundredths of a foot (63.96') to a point of compound curve; thence (3) still curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of seventeen feet and eighty-six hundredths of a foot (17.86') to a point in the centre line of the present track in Second street and there connecting therewith.

B. Being a connection between the westerly track in Washington street south of First street and the track in First street west of Washington street, the centre line of which connection is described as follows: Beginning at a point in the centre line of the westerly track in Washington street, distant forty-five feet and fifty-six hundredths of a foot (45.56') southwardly from the intersection of said

centre line with the centre line of the track in First street and extending thence as follows: (1) Northwardly curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of seventeen feet and eighty-six hundredths of a foot (17.86') to a point of compound curve; thence (2) still curving toward the left with a radius of thirty-two feet and thirty-five hundredths of a foot (32.35') a distance of thirty-nine feet and fifty-eight hundredths of a foot (39.58') to a point of compound curve; thence (3) still curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of seventeen feet and eighty-six hundredths of a foot (17.86') to a point in the centre line of the present track in First street; thence (4) thereby westwardly four feet and four hundredths of a foot (4.04') to a point of curve; thence (5) curving toward the left with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of twenty-nine feet and thirty-four hundredths of a foot (29.34') to a point of tangent; thence (6) south eighty-five (85) degrees west five feet and thirty-nine hundredths of a foot (5.39') to a point of curve; thence (7) curving toward the right with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of twenty-nine feet and thirty-four hundredths of a foot (29.34') to a point in the centre line of the southerly track of the turnout in First street west of Washington street and there connecting therewith.

Connections above described as "A" and "B" are shown on map No. 3424 attached to petition upon which this resolution is based.

So much of the track as lies between the point of connection, last above mentioned, and the present switch connecting the same with the track in First street near Washington street, is to be removed.

And be it further resolved, That permission be also granted to said company to operate cars over said connecting tracks by electricity applied to motors on the cars from overhead wires, by what is known as the overhead trolley system, and to string the necessary wires therefor.

And be it further resolved, That the rails composing said connecting tracks are to be laid on each side of and equally distant from the above described centre lines and to be of a gauge of four feet eight and one-half inches (4' 8½").

And be it further resolved, That the roadway disturbed in the construction of said connecting tracks is to be restored to as good

condition as the same now is and to the satisfaction of the City Council.

Absent—Councilman Schultze.

Adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, Hopper, McFeely, Ortlieb, Wren, Zang and Chairman Whelan.

Absent—Councilman Schultze.

Councilmen Delaney, Buckley and Wren presented the following:

Resolved, By the Common Council of the City of Hoboken, acting for and on behalf of the municipality thereof, that permission be and the same is hereby granted to The Public Service Railway Company, its successors and assigns, to locate, construct, operate and maintain a connection between its street railway track in Ferry street and property of said company at the northwest corner of Ferry and Bloomfield streets, in the City of Hoboken, County of Hudson and State of New Jersey, the centre line of said connection is described as follows:

Beginning at a point in the centre line of the present single track in Ferry street, distant seven feet and five hundredths of a foot (.05') westwardly from the intersection of said centre line with the centre line of Bloomfield street, and extending thence as follows: (1) Westwardly curving toward the right with a radius of one hundred two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-six hundredths of a foot (11.96') to a point of compound curve; thence (2) still curving toward the right with a radius of thirty-seven feet and thirty-five hundredths of a foot (37.35') a distance of forty-nine feet and ninety-eight hundredths of a foot (49.98') to a point in the northerly side line of Ferry street.

The connection above described is shown on map No. 4292 A, attached to petition upon which this resolution is based.

And be it further resolved, That consent and permission are also granted to operate cars over said track by electricity supplied to motors on cars from overhead wires by what is known as the overhead trolley system, and to string the necessary wires therefor.

And be it further resolved, That the rails composing said track are to be laid on each side of the above described centre line equidistant therefrom, and are to be of a gauge of four feet eight and one-half inches (4' 8½").

And be it further resolved, That the roadway disturbed in the construction of said track shall be returned to a proper condition

satisfactory to the Mayor and Council of the City of Hoboken.

The following communication from Thomas Carroll, Township Clerk of the Township of Weehawken, enclosing preamble and resolution relative to the dangerous grade crossing at Willow avenue, between Seventeenth and Eighteenth streets, was presented, read and referred to the Committee on Streets and Assessments in conjunction with the Corporation Attorney:

Clerk's Office,

Township of Weehawken, Aug. 30, 1907.

To the Mayor and Board of Council, Hoboken, N. J.:

Gentlemen—I beg to enclose herewith copy of resolution adopted by the Township Committee of Weehawken, in the County of Hudson, at the meeting of said Committee held on August 26, 1907, relative to the dangerous grade crossing that exists at Willow avenue, between Seventeenth and Eighteenth streets.

Very truly yours,

THOMAS CARROLL,

Township Clerk.

Whereas, There exists at the southern end of the Township a dangerous grade crossing; and

Whereas, Said crossing is a menace to public health and safety and seriously interferes with the business of our people and retards the progress of our community; and

Whereas, The right of the public in the street crossed by said crossing was prior to that of the railroad companies, and said dangerous condition has been brought about by the railroad companies disregarding public convenience and safety; now therefore

Be it resolved, That we, the Township Committee of the Township of Weehawken, in the County of Hudson, do hereby protest against the continuance of said grade crossing, and appeal to the State Board of Railroad Commissioners to abate same; and be it further

Resolved, That our Attorney take any and all proceedings necessary to bring about the desired result, without in any way abating the right of the public to cross and traverse Willow avenue at grade or in any way obligating the Township to defray the expense of abating said grade crossing; and be it further

Resolved, That a copy of this resolution be forwarded to the State Board of Railroad Com-

missioners and to the Mayor and Council of the City of Hoboken.

Resolution adopted by the Township Committee of the Township of Weehawken, in the County of Hudson, at a meeting held August 26, 1907.

THOMAS CARROLL,
Township Clerk.

The following communication from His Honor Mayor Stell was presented, read and received:

Mayor's Office,
Hoboken, Sept. 11, 1907.

To the Council:

Gentlemen—The provisions of an act of the Legislature entitled "An act concerning paid fire departments in certain municipalities of this State, and for the relief of members thereof, their widows, dependent parents and children," approved March 28, 1905, requires that all license fees collected by the municipality from the owners or lessees of theatres be paid over to the Treasurer of the Paid Firemen's Pension Fund of Hoboken, N. J., for the benefit of such fund.

I would recommend therefore that an ordinance be introduced and passed by your Honorable Body to effectuate such purpose.

Respectfully,
GEORGE H. STELL,
Mayor.

Office of Collector of Revenue,
Hoboken, Aug. 27, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I have this day filed with the City Clerk a statement of the Assessment filed in my office April 29, 1907, for the improvement of Thirteenth street, from Willow avenue to Madison street, being for paving, grading,

curbing, etc., which assessment was confirmed by your Honorable Body on the twenty-fourth day of April, 1907, and duly approved by Mayor George H. Stell, on the twenty-fifth day of April, 1907, the total of which assessment amounted to \$15,507.59, and of that amount I have collected the sum of \$15,507.59 and turned the same over to Mr. James Smith, Treasurer, City of Hoboken, taking his receipts for same, which leaves no delinquency due and owing on said improvement.

Respectfully submitted,

RICHARD BOWES,
Collector of Revenue.

The following report from the Commissioners of Assessments was presented, read and referred to the Committee on Sewers:

Hoboken, Oct. 15, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—We, the undersigned, Commissioners of Assessments, herewith present to your Honorable Body this our report, with the accompanying assessment map for the improvement of Adams street, between Eighth and Ninth streets.

Being entirely disinterested and not owning any land or real estate along the line of said improvement, we proceeded with making of this assessment, by carefully examining the improvements on the ground, and by ascertaining and locating all lands and real estate benefited by the same. The accompanying map and assessment list show the location and extent of all lands and real estate benefited, designating each lot or parcel of land by lot and block number, and the names of all owners as far as could be ascertained.

We have found the entire costs and expenses of the improvement to be as follows:

| | |
|--------------------------------|-------------|
| Total contractor's bill..... | \$11,886 60 |
| Total incidental expenses..... | 2,572 29 |

Total costs \$14,458 89

We have ascertained the total costs and expenses of said improvement exceeds the benefits received by all lands and real estate therefrom to the amount of \$2,840.22, which amount we have assessed upon the city at large, the remaining sum of \$11,618.67 we have assessed upon all lands and real estate benefited, in proportion to the benefits received.

We have also considered the question of damages and have concluded, after full deliberation, that no property was damaged by the making of said improvements, and that no person or persons were in any manner entitled to damages on account of said improvements.

We have examined into the whole matter and appointed a time for the hearing of all persons interested at the City Hall on Tuesday, October 2, 1907, at 8:30 p. m., and then and there heard all objections and claims made before us against the said improvement assessment, and after carefully considering the said objections and claims at a subsequent

meeting held by us, we have finally completed our assessment as shown on the map and assessment list accompanying this report.

Respectfully submitted,

JAMES HARKSEN,
W. C. KACKENMESTER,
C. F. GUTH,

Commissioners of Assessment.

T. H. McCANN,
City Surveyor.

The following bond was presented, read and referred to the Committee on Laws and Ordinances:

The following communication from John J. Fallon, Corporation Attorney, was presented and read:

Office of Corporation Attorney,
Hoboken, Nov. 13, 1907.

To the Honorable the Common Council of the City of Hoboken:

Gentlemen—On May 20, 1907, William O. Lay obtained a rule to show cause from Supreme Court Justice J. Franklin Fort requiring your Honorable Body to show cause before the Supreme Court, at Trenton, on the fourth day of June, 1907, why a peremptory or alternative writ of mandamus should not be issued out of and under the seal of said Court, commanding and enjoining your Honorable Body to require by order, resolution or otherwise, that the entire interior of the bars or business rooms in the City of Hoboken, in which spirituous, vinous, malt, brewed or other intoxicating liquors are or shall be sold or served under licenses granted in the City of Hoboken, shall be during the Sabbath Day, commonly called Sunday, opened to full view from the public streets of the city, pursuant to the provisions

of "A supplement to an act entitled 'An act to regulate the sale of spirituous, vinous, malt and brewed liquors and to repeal an act entitled 'An act to regulate the sale of intoxicating and brewed liquors,' passed March 7th, 1888," approved March 20th, 1889," which said supplement was approved April 13th, 1906, and is commonly known as the Bishops' act.

The matter was presented before the Supreme Court on briefs submitted by Marshall Van Winkle, attorney for William O. Lay, and James F. Minturn, former Corporation Attorney, and myself, as attorneys for your Honorable Body. Said matter was decided by the Supreme Court November 11, 1907, and the opinion of the Court was written by Justice Hendrickson.

The Court determined that where a writ of mandamus is sought for the purpose of requiring a municipal board or body to perform a statutory duty purely ministerial in character, designed to redress or prevent public wrongs affecting the peace and good order of the community at large, it may issue upon the application of a private relator who is a resident and taxpayer of the municipal district; and that the fact that another remedy may exist for reaching the evil complained of will not avail to prevent the resort to mandamus, unless such other remedy is specific and adequate to accomplish the statutory purpose.

The Court declared, in the aforesaid opinion, that the duty pointed out by the aforementioned statute to licensing bodies is a ministerial one, clearly mandatory, and that mandamus is the proper remedy to enforce performance by public boards of purely ministerial duty.

By the aforesaid so-called Bishops' act it is provided that the court, excise board or other board or authority having power by law to grant licenses in any municipality of this State, if said license is not in an inn and tavern, or a hotel having at least ten spare rooms and beds for the accommodation of boarders, transients and travelers, or a restaurant where the business of furnishing meals to the public, for compensation, is regularly carried on, and which restaurant is conducted and operated on more than one floor or story of the building where such business is carried on, or a picnic or recreation ground, or a building with a bowling alley, or in a building entirely occupied by a regularly organized club or association, shall, upon the days and times when the sale of liquors or other intoxicating drinks is by law prohibited to be sold, may at any or all other times, require that the entire interior of such bar or business room in which such liquors and other intoxicating drinks are

sold and served, shall, during the entire prohibited time, or may at any or all other times, as may be required by such authority, be open to full view from the public street; and upon the making of an order to that effect by the court, excise board or other authority having power to grant such licenses, a full view of the entire interior of such bars or business rooms in such municipality shall not thereafter, during the time so specified as aforesaid, be obstructed from the public street by the use of non-transparent glass or of a shade, blind, shutter, screen, merchandise or any other article placed within or without the building in which such room is located.

I am obliged therefore to advise you that it is the duty of your Honorable Body to require by order, resolution or otherwise, that the entire interior of the bars or business rooms in the City of Hoboken in which spirituous, vinous, malt, brewed or other intoxicating liquors are or shall be sold or served under licenses granted by your Honorable Body, shall be during the Sabbath Day, commonly called Sunday, opened to full view from the public street.

Respectfully,

JOHN J. FALLON,
Corporation Attorney.

On motion of Councilman Schultze the communication was received and referred to the Committee on Licenses in conjunction with the Corporation Attorney.

The following communication from John J. Fallon, Corporation Attorney, was presented, read and referred to the Committee on Finance and Salaries in conjunction with the Corporation Attorney:

Office of Corporation Attorney,

Hoboken, Nov. 13, 1907.

To the Honorable the Common Council of the City of Hoboken:

Gentlemen—I was in attendance before the Supreme Court at Trenton on Monday last, November 11, to represent the interests of the City in the matter of the suit of the Hoboken Manufacturers' Railroad Company, relator, vs. The Mayor and Council of the City of Hoboken and the Board of Water Commissioners of the City of Hoboken, respondents.

On June 27, 1907, Supreme Court Justice J. Franklin Fort granted to the relator an order requiring the Mayor and Council of the City of Hoboken and the Board of Water Commissioners of the City of Hoboken to show cause

before the Supreme Court, at Trenton, on Wednesday, November 6, 1907, why an alternative or peremptory writ of mandamus should not be issued out of and under the seal of said Court, commanding and enjoining the Mayor and Council of the City of Hoboken and the Board of Water Commissioners of the City of Hoboken, their officers, agents and employees, to accept the sum of \$200.81 in full satisfaction and discharge of a lien appearing of record in the office of the Board of Water Commissioners against the so-called paper mill property at Eighth and Grand streets, this city, and forthwith to cancel the said lien of record, and to otherwise fulfill and carry out all and every of the legal duties of the said the Board of Water Commissioners and the Mayor and Council of the City of Hoboken in reference to the just and proper cancellation of said lien and every part thereof.

Depositions were taken in said matter before Joseph S. Parry, Supreme Court Commissioner, on October 26, 1907. Linabury, De Pue & Foulks appeared for the relator, and I appeared for the respondents. The testimony adduced was to the effect that the City of Hoboken in 1898 claimed a lien upon the premises in question for a sum in excess of \$7,000 for water furnished by measurement to the Carr-Curran Paper Mills Company, between the first day of February, 1896, and the first day of May, 1898; that the Hudson Trust and Savings Institution held mortgages for the sum of \$15,000 against said property, and said mortgagee filed a bill in the Court of Chancery to foreclose its said mortgages, and in said foreclosure suit the said mortgagee claimed that its mortgage lien was paramount to the lien of the City of Hoboken for water furnished as aforesaid; it further appeared that Vice-Chancellor Pitney, in an opinion filed September 26, 1899, decided that the claim of the City of Hoboken for a lien for water furnished to the aforesaid property, could not prevail over the complainant's said mortgages. It further appeared that during the year between May 1, 1889, and May 1, 1900, a reduction of fifty per cent was made in the aforesaid indebtedness, and a further reduction of fifty per cent was made during the year between May, 1900, and May, 1901, thus reducing the original indebtedness to the city to the sum of about \$2,000. It further appeared that after the decree was made by the Court of Chancery in the said foreclosure suit, an appeal was taken therefrom to the Court of Errors and Appeals in behalf of the City of Hoboken, but that said appeal was thereafter dismissed for want of prosecution. The decision of the Court of Chancery is to be found in volume 58 of the New Jersey Equity Re-

ports, pages 59 to 73. The opinion in part is as follows:

"But the complainant makes a further point, which is that on the 13th day of May, 1896, and as soon as it found that the charges for water furnished during the quarter ending at that time were due, and when only \$659.95 were in arrears, it served upon the city a notice in writing calling its attention to the arrears of water rent, and requesting the city to cut off the further supply from the mortgaged premises; and that in case of the city's failure so to do the complainant would deny the priority of its claim for any further water which might be thereafter supplied, and gave the city notice of the mortgages held by complainant. In pursuance of that notice the city turned off the water from the paper mill, but did it in such a manner, and left the apparatus in such a condition, that the paper mill employes immediately turned it on again. This, it seems to me, was tantamount to not turning it off at all. For it was a mere idle ceremony for the city to turn the water off unless it did it in such a manner that it could not be turned on again without the consent of the city authorities. And there is no pretence that the city gave any notice to the complainant that the water was so turned on, but by its agents it duly read the meter of the paper mill company, and on August 1 following, duly charged the company again for water consumed during the previous quarter, and so on until the company stopped business in the month of March, 1898."

I am quite convinced that the Supreme Court in the mandamus proceedings hereinabove referred to, will determine that the question of the city's right to a lien for water charged for the premises in question, having been adjudicated by the Court of Chancery, cannot be now questioned in the mandamus proceedings.

Respectfully,

JOHN J. FALLON,
Corporation Attorney.

To the Honorable the Common Council of the City of Hoboken:

Gentlemen—I was in attendance to-day before the New Jersey Supreme Court, at Trenton, in the matter of the suit of Margaret O'Neil, executrix, etc., relator, vs. The Assessors of Taxes of the City of Hoboken, respondents.

The Supreme Court, on July 24, 1907, granted to the relator an alternative writ of mandamus, commanding the Assessors to assess and levy in addition to the regular taxes of the city for the current year the sum of \$22,352.08, the amount of the debt, damages and costs recovered by the said Margaret O'Neil, executrix of the estate of Charles O'Neil, deceased, against the Mayor and Council of the City of Hoboken, together with the lawful interest thereon from June 14, 1907, being the date when said judgment was recovered, until December 20, 1907, and also the lawful fees of the Sheriff of Hudson County on the writ of execution issued upon said judgment, upon the taxable property within the City of Hoboken, and that said Assessors in all respects faithfully and diligently perform all the duties imposed upon them as the Assessors of the taxes of the City of Hoboken, by the several acts of the Legislature of the State of New Jersey, in such case made and provided, or that the said Board of Assessors show cause to the contrary thereof before the Supreme Court upon the opening of the November, 1907, terms of said Court, to wit., on November 6, 1907.

I informed the Court to-day that a writ of error had been sued out to the Supreme Court in the matter of the judgment in question, which writ of error would come before the Court of Errors and Appeals at the opening of the November, 1907, term of said Court, to wit, on November 19, 1907, and endeavored to have the Court hold the mandamus matter in abeyance until the said writ of error might be argued and disposed of.

Under the law of our State, a sutor who desires to obtain a stay of execution by virtue of a writ of error obtained in a stated cause, is obliged to enter into a recognizance for the benefit of the judgment creditor with sufficient surety, as prescribed by statute. Such course was not pursued in the O'Neil case, and consequently the attorney for Margaret O'Neil, executrix, etc., argued that the Supreme Court should grant to said judgment creditor a peremptory writ of mandamus to affluetuate that which was called for by the alternative writ of mandamus.

The statutes of New Jersey relating to executions provides that in the event of a judgment and execution against municipal corporations, a copy of the writ of execution shall be served upon the Collector and also upon the Assessor of the municipality, and upon receipt of such copy of execution it shall be the duty of such Assessors to assess and levy, in addition to other taxes, the amount due upon said execution, with interest to the twentieth day of December following, and this tax shall be

assessed and collected, at the same time and under the same regulations as taxes for other purposes, and when collected shall be paid to the officer serving the execution.

The Supreme Court very properly stated to me to-day that the relator in the mandamus proceedings was entitled, under the provisions of our statutes, to a peremptory writ of mandamus, but that in order that the interests of the city might be safeguarded, while the Court would grant the peremptory writ of mandamus prayed for by the judgment creditor, Margaret O'Neil, executrix, etc., the Court, upon my motion, would withhold the actual issue thereof for a period of two weeks, to wit, until November 20, 1907, so as to enable the city to enter into a recognizance, with sufficient surety as prescribed by our statutes, and thus stay the writ of execution.

The attorney for said Margaret O'Neil, executrix, etc., has served upon me a notice of an application to be made by him to the Court of Errors and Appeals, on the opening day of the November term of said Court, which notice contains numerous objections to be argued by him before the Court as grounds for the dismissal of the writ of error sued out in behalf of the Mayor and Council of the City of Hoboken, in the matter of said suit, and said objections, if sustained by the Court, are, in my opinion, sufficient in law to require the Court to dismiss said writ of error. I am determined, however, so far as possible, to resist said motion for dismissal of the writ of error in this matter, so that said Court may finally pass upon the validity of the judgment in question.

If it is the desire of your Honorable Body to enter a recognizance, as directed by the Court, in order to stay the aforesaid writ of execution, the Mayor and Council of the City of Hoboken, with two sufficient sureties, to be approved and allowed by the Court, shall become bound to the aforesaid judgment creditor, Margaret O'Neil, executrix, etc., in double the sum adjudged to be recovered by her said judgment, the condition of said recognizance to be that the city will prosecute the said writ of error with effect, and also to pay and satisfy, if the said judgment be affirmed, all the debts, damages and costs, adjudged on the judgment in question, and all costs and damages to be awarded for the delay of execution.

Respectfully,

JOHN J. FALLON,
Corporation Attorney.

The following communication from His Honor Mayor Stell was presented, read and received:

Hoboken, N. J., Nov. 27, 1907.

To the Honorable the Board of Council of the City of Hoboken:

Gentlemen—The recent revelation by the Board of Assessment Commissioners of an error of almost two million dollars of ratables made by them in preparing their assessment list of the property assessable in this city, makes it incumbent on me to present this matter to you for your prompt action.

The Board of Assessment Commissioners are required by law to make a list in tabular form of the names of the owners of all real estate and personal property, and set down in proper columns opposite each name the description and area of each parcel sufficient to ascertain its location and extent and the value of each parcel as determined by them.

For preparing this list and furnishing the requisite copy thereof to the County Board of Assessors they are amply compensated by salaries of twelve hundred dollars each per annum, and in fact are engaged in their duties as assessors but for a few months in the year.

Not many years ago, Hoboken elected one assessor, who attended to the duties of this office, and which now devolve upon a Board composed of five members, and I am sure that your Board will agree with me that the taxpayers are entitled, for the increased salaries paid said Board, to the most careful, painstaking and accurate services.

This Board, in preparing their list of properties assessable in this city, have, by what appears to me to be a most shocking, grievous and costly error, made their list appear to contain one million nine hundred and thirty-eight thousand dollars more of property than is assessable in the city. Their total assessment of the property of this city is too high by one million nine hundred and thirty-eight thousand dollars.

They submitted this excessive and erroneous list to the County Board of Assessors, who determined thereon the share of the State School and County tax which Hoboken has to pay. Upon this excessive and erroneous list the tax rate of this city was established, and this error means simply this, that the city will fail to collect this year twenty-seven thousand dollars in taxes which, when the tax rate was struck, the city assumed would be received. It means that Hoboken must this year pay as its share of the State School and County tax,

based on this erroneous list, nine thousand dollars more than is right, and more than it would have to pay if said error had not been made. It also means that the city will be short in the funds raised by taxation for the various municipal needs and departments eighteen thousand dollars.

This loss, or shortage, of twenty-seven thousand dollars cannot be made up, and will be severely felt by the various branches of the city government.

This error of an excess valuation of one million nine hundred and thirty-eight thousand dollars can only be due to incompetency, gross carelessness and inattention to duty.

The citizens and taxpayers deserve competent and careful service, and they evidently have received anything but that.

The taxpayers of Hoboken pay enough as their share of the County tax, and I, as Mayor, in their interest and behalf, protest in the most vigorous terms against their being obliged to pay to the County nine thousand dollars more than is necessary.

The loss incurred by this payment alone, without considering the shortage in the tax funds of the additional eighteen thousand dollars, calls for prompt and emphatic action.

There is not a business house in this city that would continue in its employ a manager or servant who had committed so careless an error and one of such magnitude.

Irrespective of all personal feeling, my plain duty to the taxpayers is to make this communication to the Board of Council and to prefer charges of gross incompetency, gross carelessness and improper concealment of said error against Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Haddon Ivins and Thomas Coughlin, who compose the Board of Assessment Commissioners of the City of Hoboken, and to request their removal from office for the general welfare of the city.

I have no doubt but that you will see your duty requires a prompt investigation, to the end that the officials responsible for this error be removed from office.

I enclose herewith a written and specific charge against the above-named men, which I request your body to act upon pursuant to the terms of the City Charter.

Very respectfully yours,
 GEORGE H. STELL,
 Mayor.

Before the Board of Council of the City of Hoboken.

In the matter of the charges against Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Thomas Coughlin and Haddon

Ivins, Commissioners of Assessments of the City of Hoboken:

Pursuant to the provisions of an act of the Legislature of the State of New Jersey, entitled "An act to incorporate the City of Hoboken," passed March 28th, 1855, and the supplements and amendments thereto, I, George H. Steil, Mayor of the City of Hoboken, do hereby make and file with the Council of the City of Hoboken the following complaint and charges of incompetency, neglect of duty, extreme carelessness and gross negligence in the performance of the official duties of the office of Commissioner of Assessment, committed by Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Thomas Coughlin and Haddon Ivins.

I do hereby make complaint and charge that the said Commissioners of Assessment illegally and improperly erased from the assessment list and from page one hundred thereof, the assessment of one million nine hundred and thirty-eight thousand dollars, as determined by them as the value of the property of the Hoboken Ferry Company, and that said Henry Lohmann, without legal authority and the concurrence of the Board of Commissioners of Assessment, inserted in lieu thereof the sum of one million nine hundred and twenty-seven thousand dollars.

I do hereby make complaint and charge that Commissioners Stack, Lohmann and Coughlin, without the consent and concurrence of Commissioner Ivins, and without any explanation to him or attempt to have him concur with their action, illegally and improperly inserted in lieu of the valuation of one million nine hundred and thirty-eight thousand dollars for the total property of the Hoboken Ferry Company on their assessment list, and on page one hundred thereof, a lower and different valuation, viz.: One million nine hundred and twenty-seven thousand dollars.

I do hereby make complaint and charge that the substitution of the valuation of the property of the Hoboken Ferry Company of \$1,927,000 for and instead of \$1,938,000 was made illegally, improperly and without proper action and concurrence, and was made hurriedly, carelessly and in a most negligent manner, and without proper consideration and due regard for the welfare of the city and the taxpayers therein.

I do hereby make complaint and charge that the assessment list of the properties assessable for this year's taxes in the City of Hoboken, submitted to the County Board of Assessors by said Board of Assessment Commissioners, was erroneous, incorrect and excessive by one million nine hundred and thirty-eight thousand dollars.

I do hereby make complaint and charge that said assessment list of the Board of Assessment Commissioners improperly contains two assessments against the Hoboken Ferry Company, one being for \$1,927,000 and the other being for \$1,938,000.

I do hereby make complaint and charge that the Board of Commissioners of Assessment failed to properly check up and examine their valuations on the respective properties in the city before submitting them to the County Board of Assessors for the purpose of fixing the tax rate and establishing Hoboken's share of the County tax and the State School tax.

I do hereby make complaint and charge that the Board of Commissioners of Assessment of the City of Hoboken carelessly and negligently compiled their tabulations of their totals of the properties assessable in this city for this year's taxes, and that, having prepared a recapitulation of the totals on each page of their assessment book for this year's assessments, they did carelessly, negligently and improperly add to the sum total the sum or amount of one million nine hundred and twenty-seven thousand dollars.

I do hereby make complaint and charge that the Board of Commissioners of Assessment of the City of Hoboken negligently and carelessly failed to examine their assessment list, submitted last August to the County Board of Assessors, and their duplicate thereof and the original assessment list kept from thence hitherto in the fixed office of said Board in the City Hall at Hoboken, and that they carelessly and negligently failed to discover, until after October 15, 1907, and after the County Board of Assessors struck the tax rate for the City of Hoboken, and established the share of State School and County tax that Hoboken would pay for this current year, that their said assessment list was excessive by \$1,938,000.

I do hereby make complaint and charge that the Board of Commissioners of Assessment of the City of Hoboken improperly concealed the aforesaid error in their said assessment lists until after the tax rate for the City of Hoboken and Hoboken's share of the County tax for this year had been struck and established.

I do hereby make complaint and charge that said Board of Commissioners of Assessment of the City of Hoboken have, by their incompetency, their inattention to the duties of their office, by their extreme carelessness and gross negligence in the aforesaid respects, have occasioned a loss to the city of twenty-seven thousand dollars, and that thereby the City of Hoboken will this year be obliged to pay to the County of Hudson and to its Collector the sum of nine thousand dollars more than it ought to,

and more than is right and proper, and that by means of the premises there will be a loss and shortage in this year's taxes and the funds of the City of Hoboken of eighteen thousand dollars.

Wherefore I pray that the said Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Thomas Coughlin and Haddon Ivins, composing the Board of Commissioners of Assessment of the City of Hoboken, be cited to appear before the Board of Council of the City of Hoboken to answer the foregoing complaint and charges, and that they be removed from the office of Commissioners of Assessment of the City of Hoboken.

GEORGE H. STEIL,
Mayor.

State of New Jersey,
County of Hudson, ss.:

George H. Steil, being duly sworn according to law, upon his oath deposes and says that he is the Mayor of the City of Hoboken, and the complainant named in and making the foregoing complaint; that he has read the same and knows the contents thereof, and that the facts and matters therein contained are true.

GEORGE H. STEIL,
Mayor.

Sworn and subscribed to before me this twenty-seventh day of November, 1907.

JAMES HAVRON,
Notary Public of N. J.

Councilman Wren presented the following:

Resolved, That the communication from His Honor the Mayor and the complaint and charges of incompetency and gross carelessness made against Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Thomas Coughlin and Haddon Ivins, composing the Board of Assessment Commissioners of the City of Hoboken, be filed, and

Be it further resolved, That the Board of Common Council of the City of Hoboken meet at the Councilmanic Chamber, at the City Hall, Hoboken, on Tuesday night, December third, next, at eight o'clock p. m., to hear the aforesaid charges, and continue to meet nightly thereafter if necessary until said charges and the defense thereto have been submitted, and

Be it further resolved, That the City Clerk serve upon each of the aforesaid members of the Board of Assessment Commissioners a true copy of said charges, and also cite each of them to appear in response thereto before the Board of Common Council at the Councilmanic Chamber, City Hall, Hoboken, on Tuesday night, December third, next, at eight o'clock p. m., to show cause why they and each of them should not be removed from office in

accordance with the request in said complaint, and

Be it further resolved, That the Assistant Corporation Attorney be and he hereby is directed to take charge of the prosecution of the aforesaid complaint and charges, and

Be it further resolved, That the Clerk of the Board of Assessment Commissioners and the said Commissioners produce before the Board of Council upon the said hearing, all of their books containing the assessment of all properties of the city for this year, their records showing the assessment of the Hoboken Ferry Company for this year and the recapitulation of the said assessments, and

Be it further resolved, That Bertram L. Dusenberry be and he hereby is appointed the official stenographer to make correct transcript of the testimony taken at said hearing.

On motion of Councilman Wren the above resolution was adopted by the following vote:

Ayes—Councilmen Buckley, Clark, Delaney, McFeely, Ortlieb, Schultze, Wren, Zang and Chairman Whelan.

Nays—None.

Absent—Councilman Hopper.

N. J. Supreme Court.

Maurice J. Stack, Henry Lohmann,
Charles Guaraglia, Thomas Coughlin and Haddon Ivins,

Prosecutors,

vs.

The Mayor and Council of the City of Hoboken, and James H. Londrigan, Clerk of the City of Hoboken,

Defendants.

On reading and filing the affidavit of Haddon Ivins, verified the third day of December, A. D. nineteen hundred and seven, and on application for the issuance of a writ of certiorari.

It is on this third day of December, A. D. nineteen hundred and seven, ordered that the said defendants, The Mayor and Council of the City of Hoboken, and James H. Londrigan, Clerk of the City of Hoboken, show cause before His Honor Mahlon Pitney, one of the Justices of the Supreme Court, at the County Court House in the City of Jersey City, at ten o'clock in the forenoon of the tenth day of December, instant, or as soon thereafter as counsel can be heard, why a writ of certiorari should not issue, directed to said defendants, commanding them that they openly and direct-

ly certify to the Supreme Court of this State, a certain resolution adopted by the City Council of the City of Hoboken, on the twenty-seventh day of November, A. D. nineteen hundred and seven, citing Maurice J. Stack, Henry Lohmann, Charles Guaraglia, Thomas Coughlin and Haddon Ivins, constituting the Commissioners of Assessment of Taxes of the City of Hoboken, to be and appear before the said City Council on Tuesday night, December 3, A. D. 1907, at 8 o'clock, to show cause why they and each of them should not be removed from their said office as Commissioners of Assessment of Taxes of the City of Hoboken, together with all proceedings had by said Mayor and Council of the City of Hoboken, and by James H. Londrigan, Clerk of the City of Hoboken, leading up to the adopting of said resolution and all other matters and things touching and concerning the said resolution, to the end that the said Supreme Court may command there may be done in relation to said resolution and proceedings what of right and according to law should be done.

And it is further ordered that said defendants be and they hereby are restrained from taking and from causing to be taken any steps or proceedings whatsoever in relation to said resolution of the said Council of the City of Hoboken, until further order herein, save and except that said defendants may adjourn the hearing proposed to be held under said resolution from week to week until further order herein.

Entered Dec. 3, 1907.

The following communication from His Honor Mayor Steil was presented, read and referred to the Committee on Laws and Ordinances:

Mayor's Office,

Hoboken, N. J., December 11, 1907.

To the Council:

Gentlemen:—I recommend that the City Engineer, Mr. Eugene Smith, be required to furnish a proper bond to the city, executed by a surety company authorized by the laws of this State to furnish such bond.

Very respectfully yours,

GEORGE H. STEIL,

Mayor.

The following communication from His Honor Mayor Steil was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., Dec. 11, 1907.

To the Board of Council:

Gentlemen:—I am advised that a writ of certiorari has been allowed, and that such allowance removes to the Supreme Court the charges of carelessness made by me against the Commissioners of Assessment of Taxes, and that, pending the decision of the Supreme Court on

the question as to whether the Board of Council has jurisdiction to entertain such charges, no testimony can be taken by the Council upon said charges, or in furtherance thereof.

The allowance of this writ does not, however, interfere with or prevent the Council from investigating the books and acts of the Commissioners of Assessment of Taxes. You have the right to investigate the books, doings and affairs of any board or department of the city, no matter how distasteful the investigation may be to said board, and no matter how unwilling they may be.

I do therefore recommend that the Council forthwith investigate and learn what mistake was made by the Commissioners of Assessment of Taxes in fixing the amount of properties assessable in this city for this year's taxes; how the mistake was made; what remedy there can be taken to save Hoboken from paying an unfair share of the county and State school tax, and that, pending the outcome of this matter, no further salaries be paid to said Commissioners of Assessment of Taxes.

Very respectfully yours,

GEORGE H. STEIL,

Mayor.

The following communication from John J. Fallon, Corporation Attorney, was presented, read and received:

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen:—The Supreme Court decided on December 4, 1907, the suit of Hudson and Manhattan Railroad Company, on certiorari, against the Mayor and Council of the City of Hoboken, in favor of the railroad company. This matter involved prosecutions which were had by the Street Commissioner against the Hudson and Manhattan Railroad Company for the violation of city ordinances in displacing the pavement on Hudson Place, near the Ferry entrance, without the permission of the Committee on Streets. The railroad company was convicted before the Recorder of violating the city ordinances in question, and thereupon the railroad company sued out a writ of certiorari, removing to the Supreme Court for review the proceedings had before the Recorder and the conviction thereunder. The Supreme Court has held that where a statute authorizes the doing of a certain thing in the prosecution of a public work, a city ordinance that makes the doing of such a thing a penal offense, unless the permission of the city be first had, is not a valid exercise of municipal regulation, and that consequently, inasmuch as the General Railroad law authorized the Hudson and Manhattan Railroad Company to tunnel under the

city streets, said company might also make such excavation in the pavement of the city street as may be necessary, without interruption of public travel, without obtaining a permit from the city so to do. In other words, where the Legislature in the grant of franchise has prescribed the rights and privileges of the railroad company, the city government cannot qualify or abridge the force of the legislative grant by ordinance. The conclusion of the court is that the sections of the ordinances of the city, which were brought under review in the certiorari proceedings, are invalid as against the prosecutor in certiorari acting within its corporate rights. The convictions are, therefore, set aside.

Respectfully yours,

JOHN J. FALLON.
Corporation Attorney.

The following communication from the Commissioners of Assessment of Taxes was present, read and received:

Hoboken, N. J., Dec. 11, 1907.

To the Honorable the Mayor and Council of the City of Hoboken, N. J.:

Gentlemen:—I have the honor to enclose a copy of an appeal filed by this Board with the Hudson County Board of Taxation, also a copy of an appeal filed with the Board of Equalization of Taxes of the State of New Jersey. These appeals explain themselves, and we respectfully request that your honorable body direct the Corporation Attorney to assist our board in bringing these petitions to a successful issue.

Respectfully,

The Commissioners of Assessment of Taxes,
Henry Lohman, Jr.,
President.

HUDSON COUNTY BOARD OF TAXATION.

In the matter of the appeal of the Commissioners of Assessments of the City of Hoboken, from the apportionment of State School and County Tax, made for said City for 1907, etc.

Petition of Appeal.

Your petitioners, the Commissioners of Assessments of Taxes of the City of Hoboken, County of Hudson and State of New Jersey, Charles Guaraglia, Henry Lohmann, Jr., Haddon Ivins, Maurice J. Stack and Thomas Coughlin respectfully show that the total of the amount of ratables, including real estate, improvements, personal property and second-class railroad property, reported and returned by them to your Board in and by their assessment lists and duplicates made by them for the purpose of taxation in the City of Hoboken for the year nineteen hundred and seven

on or about November twenty-third, nineteen hundred and seven, was sixty-five millions, eight hundred and fifty-seven thousand, five hundred and nineteen dollars (\$65,837,519).

That the State, School and County Tax has been apportioned to the City of Hoboken, New Jersey, on a sum greater than this, viz., sixty-seven millions seven hundred and eighty-seven thousand four hundred and nineteen dollars (\$67,787,419).

Whereby the City of Hoboken is aggrieved and put to a substantial loss by reason of the imposition of an unfair proportion of the State School and County Tax on the City of Hoboken, and whereby an unfair and unjust local tax rate has been struck for the City of Hoboken.

Your petitioner, therefore, prays that this matter may be reviewed by the Hudson County Board of Taxation to the end that a proper apportionment of State School and County Tax may be made, and that a proper tax rate may be struck for the City of Hoboken.

And your petitioners will ever pray, etc.

Dated December 2, 1907.

STATE OF New Jersey
STATE OF NEW JERSEY.

In the matter of the appeal of the Commissioners of Assessment of the City of Hoboken from the apportionment of State School and County Tax,

made for said city for 1907,
etc.

Petition of Appeal.

Your petitioner, the Commissioners of Assessment of Taxes of the City of Hoboken, County of Hudson, State of New Jersey, Charles Guaraglia, Henry Lohmann, Jr., Haddon Ivins, Maurice J. Stack and Thomas Coughlin, respectfully show that the total of the amounts of ratables, including real estate, improvements, personal property and second-class railroad property, reported and returned by them to the Hudson County Board of Taxation, in and by their assessment lists and duplicates, made by them for the purpose of taxation in the City of Hoboken for the year nineteen hundred and seven, on or about November twenty-third, nineteen hundred and seven, was sixty-five millions eight hundred and fifty-seven thousand nine hundred and nineteen dollars (\$65,857,519).

That while said County Board was acting upon these ratables for the purpose of making the county apportionment of the State School and County Tax, and for the purpose of striking the local tax rate for the City of Hoboken, an error in the additions crept in, as a result whereof that State School and County Tax was apportioned up, and the local tax rate was struck by said County Board upon a total valuation of the assessable property of the City of Hoboken of \$67,787,419.

Whereby the City of Hoboken is aggrieved and put to a substantial loss by reason of the imposition of an unfair proportion of the State School and County Tax on the City of Hoboken, and whereby an unfair and unjust local tax rate has been struck for the City of Hoboken.

Your petitioner therefore prays that this matter may be reviewed by the State Board of Equalization of Taxes, to the end that a proper may be made and that a proper tax rate may be struck for the City of Hoboken.

And your petitioners will ever pray, etc.

| The following communication from His Honor Mayor Stell was presented, read and referred to the Committeon Streets and Assessments: | |

Mayor's Office,
Hoboken, N. J., Dec. 18. 1907.

To the Council:

On April 24, 1907, Messrs. Tivy & Smith, City Surveyors, presented to the Mayor and Council their certificate that the total amount or price for work done and materials furnished for the improvement of Madison street, between Eighth and Fifteenth streets,, by the contractor, Henry Waddington, was \$33,249.67; that the former payments amounted to \$22,460, and that the amount due the contractor was \$9,120.

Annexed to this sworn certificate was the oath of Eugene Smith, in usual form, "that the above estimate is just and true; that the work has been performed, and the materials have been furnished, and that it is in all respects a bona fide and fair estimate."

Based upon this sworn certificate of the City Surveyors, and relying thereon and in accordance with the provisions of the specifications, an improvement certificate for the amount of \$9,120 was duly issued to the contractor, Henry Waddington.

I am recently advised that some error has been made in the computation of the amount of earth filling in this improvement by the said City Surveyors, and I therefore recommend that the Council authorize the Committee on Streets to employ a competent engineer who shall, in conjunction with said Committee, make the necessary borings and measurements to ascertain the amount of work done and materials furnished upon this improvement, and that the Committee report the result of their findings to the Council by an early date to be fixed by your Board.

Respectfully yours,
GEORGE H. STEIL,

Mayor.

The following communication from Frederick Kaufmann, Comptroller, was presented, read

and the Clerk directed to notify the Collector of Revenue to apportion the taxes on his books accordingly:

Comptroller's Office,

Hoboken, N. J., Dec. 18, 1907.

To the Honorable the Mayor and Council:

Gentlemen—Upon application of Carmine Antonlo Corozza and Variadino Carucci, who are owners of a plot of ground 25x63.2x58.1, and known as lot No. 10, in block No. 79, assessed as being 25x100, for \$1,300, for taxes of 1907, I have apportioned the same as follows:

Carucci and Coccozza's plot, 25x63.2x58.1, at a valuation of \$900.

The following communication was presented, read and referred to the Committee on Finance and Salaries, in conjunction with the Corporation Attorney:

Office of

Commissioners of Assessment of Taxes,

Hoboken, N. J., Dec. 23, 1907.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I beg to advise your Honorable Body that the State Board of Equalization of Taxes has fixed Monday, December 30, 1907, at 10:30 a. m., at the City of Hoboken, as the date and place to hear argument why a reapportionment of the State School and County tax should be made.

The City of Hoboken has been cited to appear at this hearing, and unless some action is taken by your Honorable Body assisting the Board of Assessors in this action, it may mean the possible loss of some \$9,000 to the taxpayers of Hoboken.

I would respectfully suggest that the matter be referred to the Corporation Attorney with power.

Yours truly,

HENRY LOHMANN, JR.,

President.

The following report from the Committee on Streets and Assessments was presented and read:

Hoboken, Dec. 23, 1907.

To the Council:

Gentlemen—Your Committee on Streets and Assessments hereby reports that it will take at least ten to fifteen days to make the necessary borings to ascertain the correct amount of filling on the Madison street improvement, but that they have learned from the City Surveyor, Mr. Smith, that he made an error in his final certificate of the total work done on this

improvement, previously submitted to the Mayor and Council, and that his said certificate was excessive for an amount of about eight thousand dollars.

Your Committee recommends that this matter be submitted to the Corporation Attorney and the Assistant Corporation Attorney for the purpose of bringing such suit or suits and taking such legal steps as shall be required for the protection of the city.

JOHN J. DELANEY,

RICHARD BUCKLEY,

THOMAS J. WREN.
